ENTENTE NATIONS AND GREECE AGAIN ON CORDIAL TERMS

Assurances and Guarantees of Greek Government Satisfactory to Allies.

WILL PAY INDEMNITY

Interest Turned to Attitude of Rumania and Russian Intervention in Serbia.

London, Nov. 25.—Cordial relations between Greece and the Entente Powers have been established with the Greek government's assurances that no attempt will be made to interfere with the Allied troops should they under any contingency be forced to cross the Greek frontier and that, as heretofore, railway and other facilities will be afforded them.

That the assurances and the guarantees are satisfactory to the Allies is shown in the fact that the Greek grain ships which have been held up at Malta have been allowed to proceed to their destinations, relieving what would have been a very serious shortage of bread supplies if their detention had been prolonged. It is understood that the Allies have also promised Greece a monetary indemnity after the war for any damage which might be done through the occupation of Greek territory.

Russia May Intervene.

With this thorny question out of the way the British public has centered its interest upon the attitude of Rumania and the intervention of Russia. It is well established that Russia has concentrated a great army near the Rumanian frontier, and dispatches state that a large number of heavy guns have arrived at Odessa from Japan for this use. However, the direction in which this army will move will be dictated by the policy the Rumanian government adopts.

Berlin shows some uneasiness but beyond that and the statement of the Rumanian premier, M. Bratiano, that the relations between Russia and Rumania were never better, there is nothing to go on.

As a result of the success of the Austro-Germans and Bulgarians in gaining command of the Kossovo Plateau, the Serbian government has moved to Scutari, while the army is defending the little fringe of Serbia which lies between the Sitnika river and the Albanian and Montenegrin frontiers. It can be provisioned from Scutari from which place the Montenegrins built good roads during the occupation.

Serbs Hold Monastir.

Monastir is still in the possession of the Serbians, but the Bulgarians are pushing toward it, while the army of General von Gallwitz is reported to be on the way down the Vardar valley to help the Bulgarians attack the Anglo-French forces.

Heavy cannonading continues on the western front; winter has put a stop to any big movements on the eastern front, while the Italians are persisting in their offensive and are daily getting nearer Gorizia across the Isonzo, and Rovereto and Riva, in the Trentino.

GREEK REPLY FRIENDLY

Guarantees Given the Allies Are Accepted as Satisfactory.

Athens, (via London), Nov. 25.—Greece has met the demands of the Entente Powers and given guarantees that their requirements will be fulfilled. Official announcement is made that the reply to the collective note presented b ythe Entente ministers has been deliverd to them. The announcement says:

"The reply is couched in very friendly terms and gives satisfaction of the demands of the Entente Powers and all guarantee considered essential."

The collective note was presented to the Greek government on Tuesday. As outlined in official dispatches, it containd no request for Greek intervention in the war with the Allies, but asked Greece to give assurance that she would preserve her friendly attitude in cas the Allied troops now in Macedonia should be compelled to retreat across the frontier to Greek territory.

SUFFERS BROKEN NECK.

John E. Lux, Injured in Football Game, Said to be Dying.

Passaic, N. J., Nov. 25.—John E. Lux, son of John G. Lux, former mayor of Nutley, N. J., sustained a broken neck while playing fullback in a football game today, and was said tonight to be dying.

MEETING AT ATKINSON.

Rev. William Black and His Had Fine Success There.

Atkinson, N. C., Nov. 25.—Rev. William Black, Synodical evangelist and his singer, Mr. Andrew Burr, have closed here with the services last Sunday a wonderfully successful meeting. The hearts of all were made glad, Christian people were revived and many people accepted Christ as their personal Saviour. Twenty-five were added to the membership of the Atkinson Presbyterian church, Rev. J. E. Carr, pastor; 32 gave their names for the Baptist church, one for the Episcopal church and one or more for Black River Presbyterian church. Forty-one dollars were contributed to Synodical home missions besides amounts for other purposes. The pastor desires to thank the entire faculty of Atkinson High School for the diligence and co-operation in the revival.

PRESIDENT WORKED ALL DAY ON SPEECH

Cancelled Thanksgiving Day Engagement With Fiancee.

DINED AT WHITE HOUSE

Because of National Defense Question He is Exercising More Than Usual Care Over His Address Before Congress.

Washington, Nov. 25.—Thanksgiving Day was spent by President Wilson at his typewriter working on his annual address to Congress, and he typed away until late tonight, so as to have the document in the hands of the public printer tomorrow. Abandoning plans he had made for spending the day with Mrs. Norman Galt, his fiancee, the President locked the door of his private study and emerged only for a short automobile ride in the afternoon and to eat Thanksgiving dinner with his family.

The President had expected to complete the address early in the day and a force of clerks was on hand at the White House to prepare it for the public printer.

In view of the probability that the contest over national defense during the next session of Congress will be one of the most important of his administration, Mr. Wilson is devoting more than usual care and time to prepartion of the address. While he consulted with members of his cabinet about general features the actual writing of it has been done in seclusion and without the advice of anyone.

Attend Pan-American Celebration.

The annual Pan-American Thanksgiving celebration at St. Patrick's Catholic church was attended by members of the cabinet, the diplomatic corps, the Supreme Court and other prominent officials. Diplomats in brilliant uniforms assembled with other dignitaries and marched into the church where mass was said in celebration of peace and Thanksgiving among the Americans.

All the cabinet, with two exceptions, spent the day here. Secretary Garrison was in Jersey City and Secretary Daniels was with his mother in Goldsboro, N. C.

THOMAS E. WATSON TO FACE TRIAL IN THE FEDERAL COURT

Charged With Sending Obscene Literature Through the Mails.

Augusta, Ga., Nov. 25.—Thomas E. Watson, once Populist party candidate for the presidency, and well known editor and author, is expected to go to trial here tomorrow in Federal court on the charge of sending obscene literature through the United States mails. The indictment in four counts is based on a serial published in Watsons Jeffersonian magazine, entitled "The Roman Catholic Hierarchy, the Deadliest Menace to Our Liberties and Our Civilization."

This is the second time Watson has faced trial on the same charge and because of the same article. At the first trial Judge Rufus Foster quashed the indictment on the ground that the entire article should have appeared in the indictment rather than excerpts. The Populist leader then declared that portions of what was objected to were extracts from books on Catholic theology. The matter was brought to the attention of the next Federal grand jury and a new indictment returned. Judge W. W. Lambden, of the Southern district of Georgia, will preside at the trial.

THOUSANDS PRESENT AT FUNERAL OF HILLSTROM

No Religious Creed Given a Place in the Services.

Speeches Were Made by I. W. W. Members and Songs Written by Hillstrom Were Sung—Body Was Later Cremated.

Chicago, Nov. 25.—The funeral of Joseph Hillstrom, I. W. W. member, executed by a firing squad in Utah last week, was held here today and the body was later cremated. The funeral was unlike anything ever held in Chicago before. Gathered in the Westside auditorium were 3,000 persons, while over thousands were unable to gain entrance.

Incoming freight trains, factories, packing houses, the slums and the working men's cottages contributed to the crowd. The red flag floated unmolested at every turn. Draped around the plain pine coffin of the man who was legally shot to death by the Utah authorities was a red banner.

No creed or religion found a place in the services. There were no prayers and no hymns, but there was a mighty chorus of voices joining in songs written by Hillstrom. Throughout the decedent was referred to as "Joe Hill." On a banner above the coffin and on the programmes containing the songs which were sung, was the inscription: "In memoriam Joe Hill. We never forget. Murdered by the authorities of the state of Utah, November 19, 1915."

HENRY FORD WOULD TAKE 100 ABROAD

Governor Craig to Talk With Him in New York Today

ABOUT PEACE MISSION

Governor Will Confer With Mr. Ford in New York Today, as to Trip to Christiana, Stockholm and Copenhagen, Sweden.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 25. — Governor Craig will decide tomorrow at a conference with Henry Ford, in New York, whether or not he will join a special party of one hundred American citizens for a journey to Christiana, Stockholm and Copenhagen, the purpose being to bring about an international conference looking to peace in Europe.

Just before leaving Raleigh today, the Governor received a long dispatch from Mr. Ford, extending the invitation, and he wired in reply that while it would be very hard for him to arrange matters of state so that he could undertake the trip, he would discuss the whole situation with him tomorrow at the Biltmore Hotel, New York. The telegram from Mr. Ford reads:

"Will you come as my guest aboard the Oscar II, of the Scandinavian-American Line, sailing from New York December 4, for Christiana, Stockholm and Copenhagen? I am cabling leading men and women of the European nations to join us en route, and at some central point to be determined later, establish an international conference, dedicated to negotiations leading to a just settlement of the war. One hundred representative Americans are being invited, among whom are Jane Addams, Thomas A. Edison and John Wanamaker, these three having accepted today. A full letter follows.

"With twenty thousand men killed every twenty-four hours, tens of thousands maimed and homes ruined, and other winter begun, the time has come for a few men and women, with courage and energy, and irrespective of cost in personal inconvenience, money, sacrifice and criticism, to free the good will of Europe, that it may assert itself for peace and justice, with the strong probability that international disarmament can be accomplished. Please wire reply to Biltmore Hotel."

Governor Craig went today to Washington on personal and state matters, and will go to New York especially for the Army and Navy football game. He was accompanied by Mrs. Craig.

GOVERNOR MANNING INVITED

Not Known Yet Whether He Will Make Favorable Reply.

Columbia, S. C., Nov. 25.—Henry Ford today wired Richard I. Manning, governor of South Carolina, inviting him to become a member of a peace commission that will sail from New York on December 4 aboard the Oscar II for Christiana, Stockholm and Copenhagen. Among the hundred Americans invited to join the expedition and have accepted, according to Mr. Ford are Jane Addams, Thomas A. Edison and John Wannamaker. Governor Manning is out of the city today and it is not known if he will accept the invitation.

Will Decide Matter Today.

Indianapolis, Ind., Nov. 25.—Governor Samuel M. Ralston today received a telegram inviting him to become a member of the Ford Peace Commission. The governor said he would decide on the matter tomorrow.

Minister and Governor Invited.

Columbus, Ohio, Nov. 25.—Governor Frank B. Willis, of Ohio, and the Rev. Dr. Washington Gladden, retired Congressional minister, today received invitations to become members of the Ford Peace Commission. Governor Willis said he had not yet decided whether he could accept the invitation. "I hope to be able to go," said Dr. Gladden.

Governor Brewer Declines.

Jackson, Miss., Nov. 25.—Governor Earl Brewer today declined an invitation to become a member of the Ford Peace Commission.

Duties Prevent Acceptance.

Richmond, Va., Nov. 25.—In a telegram declining Henry Ford's invitation to him to become a member of his European peace party which was received today, Governor Henry C. Stuart said: "I feel that my relations to this and all other questions of like nature are fixed and limited by my official duties and obligations as the governor of one of the American commonwealths."

DEFENSE PLANS CONDEMNED BY CHRISTIAN CONFERENCE

Resolution of Protest Adopted at Closing Session at Durham.

Durham, N. C., Nov. 25.—Declaring that the idea of "preparedness" was ill-founded in fact, since it was unscriptural throughout, the North Carolina-Virginia Christian Conference placed itself squarely on record against President Wilson's defense programme today. The incorporation of a resolution condemning the programme was among the closing acts of the conference.

President W. A. Harper, of Elon College, secretary of the conference, was authorized to memorialize Senators Simmons and Overman and the congressmen from this State relative to the measure, and register the protest of the Christian denomination of the two states.

The resolution as endorsed was introduced by Rev. J. O. Atkinson, editor The Christian Sun. Prolonged discussion voted almost unanimously against military preparations.

NO. 38 ATTEMPTED TO RUN TOO CLOSE

Southern Officials Explain Cause of Salisbury Wreck

ONLY TWO FATALITIES

Number of Persons, Most of Them from Charlotte, on Richmond Football Special, More or Less Seriously Hurt at Salisbury.

Washington, Nov. 25. — The rear-end collision on the Southern Railroad at Salisbury, N. C., last night, in which two were killed and 22 injured, was due to No. 38 passing the block signal and running too close to the special train standing at the Salisbury station, according to an official statement issued today at the general office of the road here. The special train was loaded with North Carolinians on their way to attend today's Virginia-North Carolina football game at Richmond. The statement says:

"No. 38, running on time, passed electric automatic block signal, apparently running cautiously and slowly, and ran too close to second section of No. 32, while standing at the station at Salisbury, N. C., awaiting signals to proceed into the station."

The line where the accident occurred is double track main line, fully equipped with automatic electric block signals."

Henry C. Sievers and C. E. Hall, both of Charlotte, were killed in the accident.

O. Max Gardner, of Shelby, candidate for the Democratic nomination for Lieutenant Governor of North Carolina, had his left leg broken and suffered a strained back.

Other passengers injured are: Mrs. B. S. Castle, Charlotte, sprain; C. E. Isey, Charlotte, sprain; Henry Talley, Charlotte, laceration of face and ankle fractured; C. F. Stone, Charlotte, laceration of face; W. R. Howell, Charlotte, cut on eye and sprained back; Mrs. F. T. Purse, Charlotte, arm fractured; D. H. Hollobrough, baggage master, Charlotte, sprain of left leg; G. H. Holten, Charlotte, back sprained; J. M. Smith, Charlotte, broken rib; Mrs. B. E. Smith, Charlotte, laceration of face and rib broken; F. B. McCall, Charlotte, laceration and cuts on face; Forest Eskridge, Shelby, rib broken.

Unusual Point of Law is Involved

"CONSCIOUS SUFFERING OF THE DECEASED" TAKEN INTO CONSIDERATION BY BUNCOMBE JURY.

(Special Star Telegram.)

Asheville, N. C., Nov. 25.—Taking into consideration "conscious suffering of the deceased," for the first time in the history of the local Superior court, a jury this morning returned a verdict against the Southern Railway for $12,000 in favor of Mrs. Belle Rogers, widow of the late Furman Rogers, who was killed when a string of cars he was handling ran away and was wrecked.

Mrs. Rogers and W. F. Rogers, father of the dead man, filed suit for $40,000, the suit being instituted under the Federal Employers' Liability act, rather than under the laws of the State courts. The jury was out nearly 24 hours on the case. The case was the first in which "conscious suffering of the deceased" has been taken into consideration in a damage suit in this county, if not in the entire State.

STACY FOR JUDGESHIP 'CONCEDED' IN RALEIGH

Though Governor Goes North Without Naming Appointee.

No New Developments in Wilmington Regarding Successor to Judge Rountree—Several Men Have Strong Endorsements.

(Special Star Telegram.)

Raleigh, N. C., Nov. 25.—Governor Craig left for Washington and New York today without announcing any appointment as Superior Court judge to succeed Judge George Rountree, of Wilmington, resigned. However, it is conceded here that the appointment will be W. P. Stacy, Esq., who represented New Hanover county in the House of the 1915 Legislature. There are a number of aspirants being urged, but it is understood that Mr. Stacy has such overwhelming endorsements that his appointment is assured.

There were no new developments locally yesterday regarding the appointment of a successor to Judge Rountree and the news that comes from Raleigh that it is understood that Mr. Stacy has such overwhelming endorsements

BISHOP T. C. DARST HEARD BY TEACHERS

Miss Mary O. Graham Pleads for "The Efficient School."

ASSEMBLY AT RALEIGH

Dr. David Snedden, Massachusetts Commissioner of Education, Delivers Address—Striking Demonstration of Schools.

(Special Star Telegram.)

Raleigh, N. C., Nov. 25.—A busy and most interesting day for the 1,200 and more teachers here for the North Carolina Teachers' Assembly closed tonight with a brilliant, though informal, reception at the Governor's Mansion. Miss Mary O. Graham, president, and other officers of the assembly, the State, county and city school officers constituted the receiving line. The Mansion was beautifully decorated and delicious refreshments were served.

The reception followed the evening session in the auditorium when Miss Graham delivered here annual address on "The Efficient School," and there was an address by Dr. David Snedden, commissioner of education of Massachusetts, who discussed the present educational system and reforms that the times demand. That too many subjects are being attempted to be drilled into the children, many too superficially, was declared to be an especial evil of present educational policy. The practical and successful system must center around two fundamentals, those things the child must learn to recite in detail and those that must be imparted for the finer and subtle effect in rounding out the mental development.

The divisions of the assembly held separate sessions today that proved most profitable, kindergarten department with Miss Scott, of Asheville, presiding; primary teachers, with Mrs. T. E. Johnson, of Salisbury, presiding; grammar grade teachers, with Mrs. M. R. eTrrell, presiding; music teachers, with Prof. H. A. Shirley, of Winston-Salem, presiding.

There were numerous professional topics treated by experts.

Features of the Teachers' Assembly today were the annual Thanksgiving sermon at noon by Rt. Rev. Thomas C. Darst, bishop of the Diocese of East Carolina, and the annual address by Miss Mary O. Graham, of Charlotte, president of the Assembly, tonight, this being followed by an address by Dr. David Snedden, commissioner of education of Massachusetts. Both sessions of the Assembly were characterized by splendid music by soloists and chorus.

The text for Bishop Darst's sermon was "In Everything Give Thanks." The bishop made a plea for constant manifestation of a thanksgiving spirit and stressed present day opportunities for service as manifestation of this spirit. He urged upon the teachers that they use to the utmost their great opportunities for service in the development of the mental, spiritual and physical faculties of the young people under their influence.

He presented in a striking manner the spiritual force of education and likened the work of the teachers of today to the great crusaders, the crusade of the teachers being against ignorance and for full development of useful manhood and womanhood in the children of the present day. He told the old Japanese fable of how one man would pass by a rough stone along the highway, and another would come along and find in the stone the jewel of great price. The task and opportunity of the teacher, he said, is to find the jewels in the individual lives of the pupils. He said that power and opportunity come with effort and fullest blessings follow sacrifice.

Miss Graham Speaks.

"The Efficient School" was the theme of the annual address of Miss Graham, as president of the Assembly, tonight. She declared that the hardest blow that has befallen the cause of education in this State came last February when the Legislature voted down the bill to put the teachers of the State on a professional basis designed to gradually raise the standard of efficiency. She said it was really the temporary defeat of efficiency as a controlling factor in the schools of the State. She insisted that there must be intelligent and complete cooperation and that really no body of workers now has as little of this cooperation as do the teachers of North Carolina.

Miss Graham declared the slogan for the Assembly the coming year to be "Efficiency for the individual teachers." She pleaded for better salaries for the really efficient teachers and pointed out the discrimination against the efficient woman teacher as compared with the salaries allowed for the men. She would not argue for suffrage but wanted equal rights and opportunities and pay for the women in the teaching profession. She called on the Assembly to launch an efficiency campaign that will embrace the efficient school, more efficient teachers who will assure more efficient children in the schools, the greatest asset of the State, assuring efficient citizenship.

Demonstration of Children.

The hundreds of teachers here for the Assembly were attracted today to a special demonstration for farm life and rural elementary school work under the direction of L. C. Brogden, of the State Department of Education, and a special committee named by the Assembly last year. There were nearly 100 children from 15 counties here for this demonstration work, which included sewing, milk testing, seed selection, canning operations, live stock and poultry judging and the like, along with general domestic science work. The demonstration featured the insistence that three-teacher rural schools are the smallest school plants in which all these features of instruction

VIRGINIA IS ONCE MORE THE VICTOR

Carolina Put Up Best Battle in the Past Eight Years.

THE SCORE WAS 14 TO 0

Game Went Forty Minutes Without a Score—Virginia Scored on Carolina's Two Fumbles in Third and Fourth Periods.

Richmond, Va., Nov. 25. — Virginia defeated North Carolina here today in the annual Thanksgiving Day clash, making the eighth consecutive victory for the Orange and Blue in this Southern gridiron classic. The largest crowd in the history of local football saw the battle, which was one of the prettiest ever staged here. Carolina went 14 to 0.

For nearly 40 minutes the teams battled without a score. It was in the latter part of the third period that Virginia, taking the ball from Carolina on the 20-yard line on a fumble by Captain Dave Tayloe, carried it over by straight football. Again, in the fourth period, a fumble gave the ball to Virginia, and it was rushed across the line.

Carolina Put Up Good Game.

Carolina put up the best battle against Virginia that she had done in the past eight years. In the first half the Tar Heels played Virginia even, and it was only when injuries took man for man that the battling Tar Heels saw their line buckle for substantial gains. Even then, they fought with desperation, and twice took the ball from Virginia, with less than a yard to go. The Orange and Blue offense was good, but not as effective as it has been in other games.

"Buck" Mayer, star Virginia back, was unable to get off any of his brilliant end runs, and had it not been for the smashing runs of Eddie Anderson, and the no less brilliant dashes of Bunny Berkeley, the Virginians would have been unable to batter their way to the goal.

Ramsey, left tackle of the Carolina team, and Homewood, right end, did great work in stopping the Virginia offensive. The former was particularly effective, and it was his great work in getting down under punts that kept the speedy Berkeley from bringing the ball back for long gains. He tackled cleanly and swiftly, and was on the runner time and time again, before the ball could reach him. Through the work of the Carolina wings, the Tar Heels secured the advantage in kicks over Thurman, whose spirals were longer, but out-distanced the on-coming ends.

Virginia Realized Task.

Virginia realized its difficult task in the early stages of the game, and tried no less than four drop kicks, which failed. Forward passing was resorted to on several occasions and three times substantial gains were made. Three of the flips, however, were intercepted by the Carolina secondary defense for good gains.

White, Virginia left end, played a stellar game on the defense, and was effective on an end around run, which was about the only play the Tar Heels could not diagnose correctly. Homewood and Boshamer in the final stages found a way to stop him.

Carolina started to crumble not through being outplayed, but by injuries to its men. Tandy, the great center, was the first to go. He was followed in a few minutes by Cowell, who had been putting up a wonderful game at left guard. McDonald and Reid, the speedy backfield men, were forced out on account of injuries, and Parker, whose collar bone was shattered in

NUMBER OF MEXICANS KILLED BY AMERICANS

Cross Over the Border and Open Fire on the Troopers.

Sentiment Among Villa Adherents Apparently Growing Against Americans—Unusual Vigil Being Kept Along Border.

Nogales, Ariz., Nov. 25.—Fifty-eight Mexican soldiers, crossing into the United States at Harrison's ranch, east of here, fired on six American troopers of the Tenth cavalry today. Twenty-five other troopers of the Tenth cavalry who were on reserve post opened fire on the Mexicans, killing a number, according to reports, and bringing one wounded prisoner into camp.

Sentiment among Villa adherents was apparently growing against Americans today. The military authorities on this side of the boundary were unusually vigilant.

Vicente Terrazas, a civil official of Nogales, Sonora, was executed today by order of General Acosta, for having exceeded his authority in ordering the death of a Mexican who participated in the riots in the Mexican town last night.

Acting Governor Carlos Randall said today he had telegraphed to Washington that the rioting was caused by rumors that General Obregon had been allowed to advance on Mexican Nogales over American territory.

FAVORS INCREASE IN TAXES TO MEET DEFENSE EXPENSES

McAdoo Says Expenditures for First Year Can Easily be Met in This Way.

BONDS NOT NECESSARY

Issues Statement of Estimated Revenues and Disbursements to July, 1917.

Washington, Nov. 25.—Increase in internal taxation rather than issuance of bonds to meet the first year's expenses of the administration's defense programme are advocated by Secretary McAdoo, of the Treasury, in a statement issued tonight, giving an estimate of the Federal government's revenues and expenditures up to the end of the fiscal year beginning next July.

Assuming that Congress will continue in effect the present emergency tax law and customs duty on sugar, the Secretary estimates that $112,806,394 in additional revenue will be needed for the expenditures of 1917, including $93,800,000 for new measures for National defense.

"This amount," says the statement, "can easily be raised by internal taxation without appreciable burdens upon the American people."

Mr. McAdoo suggests a reduction in the income tax law exemption on single persons from $3,000 to $2,000 and on married persons from $4,000 to $3,000; changes in the sur-tax imposed on incomes above a certain figure, and new taxes on gasoline, crude and refined oils, horsepower of automobiles, other internal combustion engines, and various other things.

The statement says:

"In view of the many inaccurate and misleading statements which are being made, either deliberately or ignorantly, about the condition of the Treasury and the finances of the government with respect to the current fiscal year and the fiscal year 1917, I feel that an accurate analysis may be of service to the public.

"We began the fiscal year 1916 (July 1, 1915) with a general fund balance, not including amounts to the credit of disbursing officers, of $104,170,105.78.

"Under existing law the present duty of one cent per pound on raw sugar ceases May 1, 1916, and the present emergency revenue law expires on December 31, 1915. Assuming that these two sources of revenue are eliminated, the following results may be expected for the fiscal year 1916:

"General fund balance in the treasury July 1, 1915, as already shown, $104,170,105.78. The estimated total receipts for 1916 are $670,365,500. Total $774,535,605.78.

"Total estimated disbursements for 1916, excluding Panama Canal payments, $716,891,000.

"Surplus of balance June 30, 1916, $57,644,605.70.

"The duty on sugar and the emergency revenue taxes ought to be continued. If this is done, the additional receipts from these sources for the fiscal year, 1916, should be $41,000,000 from emergency taxes and $15,000,000 from sugar—$56,000,000. Balance $113,644,605.78.

"It may be assumed that there will be appropriated by the Congress for supplemental estimates and deficiencies for the fiscal year 1916, a total of $12,000,000.

"Surplus for fiscal year 1916 (assuming that emergency taxes and sugar duties are continued) $101,644,605.78.

"Panama Canal payments for 1916 are estimated at $25,000,000. These may be paid by sale of bonds. If paid, however, out of current revenues, we must deduct $25,000,000. On this basis, available balance at the end of fiscal year 1916 would be $76,644,605.78.

"Now let us consider the fiscal year 1917, which we began with a balance in the treasury of $76,644,605.78.

"Total estimated receipts, on the assumption that present emergency revenue taxes and duties on raw sugar products are continued, $780,500,000.

"Total for 1917, $807,144,605.78.

"Total disbursements, including $93,800,000 new or additional expenditures for greater National defense or preparedness, and excluding Panama Canal payments, $832,951,000. Deficiency, 1917, $25,806,394.22.

"Estimated deficiencies and supplemental appropriations for 1917, $12,000,000. Add for working balance in Treasury to begin fiscal year, 1918, $50,000,000.

"Panama Canal payments for 1917 are estimated at $25,000,000. If paid out of revenues and not from sale of bonds, add $25,000,000.

"On this basis the total revenue to be raised for fiscal year 1917, is $112,806,394.22.

"If, however, the Panama Canal payments for the years 1916 and 1917, amounting to a total of $50,000,000, should be paid from the proceeds of bond sales, then the amount of additional revenue which must be raised for the fiscal year 1917 is estimated to be $62,806,394.22.

"It would not be an unusual thing to finance the Panama Canal payments by the sale of government bonds; in fact, $138,600,869.02 of Panama Canal payments have been met by the sale of such bonds.

"Under the present administration all payments for the Panama Canal have been made out of current revenues amounting since March 4, 1913, to date, to $87,036,818.20.

Bonds Not Necessary.

"There is no necessity in my opinion for the issuance of bonds, notwithstanding the continuance of the Euro-

DESPERATELY FOUGHT GAME WON BY CORNELL

Pennsylvania Loses Stirring Contest, 24 to 9.

Ithicans Lay Claim to Football Championship of the East—Used Mighty Effort to Smash Pennsylvania's Defense.

Philadelphia, Nov. 25.—Cornell defeated Pennsylvania on Franklin Feld today in one of the most stirring contests seen on that battle-scarred gridiron in a long time and tonight the Ithicans are claiming the football championship of the East. The score was 24 to 9, but it does not indicate the terrible scare the Quakers gave the undefeated big Red team down to the last period of play. The final quarter opened with Pennsylvania leading 9 to 7 and Cornell fighting desperately.

Pennsylvania, battered about by various teams during the season and desperate from adverse criticism because of her poor showing, had risen like a flash in the second period, swept Cornell off her feet and took the lead. Then Cornell, with defeat staring her in the face, showed her championship calibre. By a mighty effort she smashed Pennsylvania's great defense and battered her way to victory by scoring two touchdowns and a field goal.

Twenty-five thousand persons saw the New York State team win her way to football honors. It was Cornell's third straight victory over Pennsylvania and her fourth win over her old rivals in 23 years. Barrett was Cornell's greatest hero and closed his football career by scoring 18 of Cornell's 24 points.

In the second period Pennsylvania showed most of the brilliant playing. Cornell made a touchdown early in the period by terrific line bucking of her backs, Captain Barrett making the score on a short end run. Pennsylvania secured the ball in Cornell's territory and gained 40 yards on a beautiful forward pass. Another forward pass put the ball on Cornell's one-yard mark and the rest was easy. Later in the period, Hawley kicked a field goal from the 28-yard line.

The third period was desperately fought with neither team getting any decided advantage. Then Cornell opened up and Pennsylvania began to falter. The Ithicans hammered the Red and Blue line and finally Barrett broke through for a 42-yard run and a touchdown. This score shook Pennsylvania's confidence and Cornell soon made another touchdown, largely on an intercepted forward. Barrett ended the scoring with a field goal.

The Navy football squad which plays the Army at New York on Saturday, saw the game. Half the squad sat on the Cornell side line, while the other half watched the game from the Pennsylvania side. Line-up and summary:

DAVIDSON OUTPLAYS WAKE FOREST WITH RESULT 21 TO 7.

Right Guard Blackman Fractures Umpire's Jaw Bone With Fist.

Charlotte, N. C., Nov. 25.—Davidson College defeated Wake Forest in the annual Thanksgiving game here this afternoon 21 to 7. Davidson clearly had the edge on her rival at all points. Black, with two touchdowns, featured her offense. Sayad, Davidson's Persian right guard, was the defensive star of the game.

Right Guard Blackman, of Wake Forest, called to task by Umpire Hodgson, of V. P. I., for rough tactics, fractured the jaw of the official with a blow of his fist.

ST. LOUIS IS OVERWHELMED BY GEORGETOWN, SCORE 90 TO 0

St. Louis, Nov. 25.—Overwhelming superiority in speed and technique and a slight advantage in weight enabled the Georgetown College eleven of Washington, D. C., to defeat St. Louis University 90 to 0 here today.

Gilroy, Wall and Cusack—the visitors' triple pass combination—divided honors equally in scoring nine of Georgetown's 13 touchdowns. Corcoran and McNamara went over for the others. Fitzgerald missed only one out of the 13 goals after touchdown. Only twice did St. Louis hold Georgetown for two touchdowns.

A. & M. OUTPLAYED BY WASHINGTON AND LEE

Little Form Was Displayed After the First Period.

Sullivan and Riddick Make Only Score for Aggies—Forward Pass by Virginians Little Interfered. Score 48 to 13.

Norfolk, Va., Nov. 25.—Before 5,000 people this afternoon Washington and Lee won the annual Thanksgiving football contest from their old rival, the North Carolina A. & M. College. The score was 48 to 13. The Carolinians were outplayed at every stage of the game and did not show much form after the first quarter. Sullivan scored two touchdowns in this quarter and Riddick kicked goal. It was the only score the Carolinians made, the Virginians' forward pass in the last quarters being for high scores without serious interference.

Barrett, Sweetland, Izzard and Schultz were stars for the Virginians, Barrett made several spectacular runs and in the last quarter rushed around Carolina's end for 65 yards and the last touchdown.

Izzard and Schultz executed forward passes with such regularity that it appeared to bewilder their opponents, who, with two exceptions, never succeeded in blocking the play.

Sullivan and Riddick starred for the Carolinians. The former intercepted one forward pass and ran 20 yards for A. & M.'s second touchdown. Riddick also intercepted a pass and ran the entire length of the field with superb interference by Siefert and Sullivan. Washington and Lee claimed Riddick went outside the lines and the umpires ordered the ball brought back. Then Sullivan went through tackle for a touchdown. Riddick failed at goal.

Forward passes by Barrett to Izzard with assistance of Bagley, netted the Virginians 35 points in the second half. Barrett's punting in this half was a feature.

SOLDIERS DEFEAT SCRUBS

Fort Caswell Eleven Won Hard Fought Battle From Wake Forest at Park—Interesting Game.

In one of the cleanest and hardest fought games of football played in Wilmington this season the Fort Caswell team defeated the Wake Forest Scrubs by a score of 14 to 6 at Sunset Park yesterday afternoon.

There was an attendance of several hundred people. The game was clean and full of pep from the start to finish and declared one of the best exhibitions of the gridiron sport that Wilmington fans have had the pleasure of seeing in some time.

Wake Forest showed much strength in holding the soldier boys down on the five-yard line, and Fort Caswell's right end made a spectacular 40-yard run after receiving a forward pass for a touchdown. Bryson for Wake Forest also made a beautiful 40-yard run through a broken field.

While the soldiers were superior to the Wake Forest eleven by a wide margin in weight, the Scrubs knew the game and surpassed the soldiers in scientific playing.

The only accident that interfered seriously with the game was to Tillman, right halfback for Fort Caswell, which happened in the first quarter, and it is feared that his elbow is dislocated. Sutton was put in for Tillman.

In the first quarter Fort Caswell scored for a touchdown, and in the second neither side scored, while Wake Forest scored in the third and Fort Caswell again in the fourth, the final score being 14 to 6.

SOUTHERN TEAMS HAD ONE OF BEST SEASONS

Virginia Has a Most Enviable Gridiron Record.

Carolina Did Not Come Up to Expectations in Early Part of the Season—Summary of Records of Other Elevens.

Atlanta, Nov. 25.—Southern football teams today closed one of the most successful seasons in their history, particularly as regards their invasion of other sections. Virginia, with one of most enviable records ever held by a Southern college, defeated Yale and held Harvard without a touchdown. Virginia als obeat Vanderbilt, which has a scoring record said to be unbeaten in the South.

Washington and Lee, although not winning any of its games in the trials in others sections, established a good record. The Generals held Indiana to a 7 to 7 tie and last Saturday surprised the strong Cornell aggregation by scoring 21 points and leading for more than half of the game.

Vanderbilt has a total score of 524 points to 38 for its opponents. The Commodores won from every team they played in the old Southern Inter-Collegiate Athletic Association territory.

Georgia Tecsh, which won today from Auburn and whose supporters are claiming the right to dispute with Vanderbilt the so-called championship of the old S. I. A. A. territory, went through the season without a defeat, but allowed the University of Georgia to hold her to a scoreless tie.

Tennessee, Auburn, Georgia, Sewanee, Alabama, North Carolina and Clemson did not have very successful seasons. Auburn lost more games this year than i nall three seasons preceding. The plainsmen went down before Vanderbilt ten days ago and today lost to Georgia Tech.

North Carolina did not come up to the expectations of the early season, loving three games and tieing one out of eght. Clemson lost half of its eght games.

A number of star players concluded their college football careers today. Among them are Vandergraaf, of Alabama, who has a great record for punting and field goal kicking; Paddock, quarterback for Georgia, Fielder of Georgia, said to be one of the best broken field runners in the South; Lang, who played guard for Tech, and Captain Bidez of Auburn.

GEORGIA SENDS CLEMSON ELEVEN TO DEFEAT 13 TO 0

Athens, Ga., Nov. 25.—Georgia defeated Clemson 13 to 0 here today in a particularly good game from the spectators' viewpoint. Both elevens mixed their attack, bringing in enough of the overhead work to keep up interest from start to finish.

Georgia scored in the first period after a long run by Paddock, who, with Neville, shared honors of his team. For the next two periods neither side could score but in the final session Neville was called upon to take the ball, which he did in seven successive plunges.

Right Tackle McConnell, of Georgia, suffered a broken leg. Garrard, of Georgia, who had done good work for three periods, and Littlejohn, of Clemson, were put out of the game for fighting.

TENNIS TOURNAMENT

Sunset Park Attraction Drew Many Holiday Spectators.

The tennis tournament yesterday at Sunset Park drew a large crowd, in spite of the vast crowd assembled to witness the football game in the same community. The games were fast and full of spice, being a real treat of scientific tennis for the many spectators. Marian Smith and William Fenley were the victors.

The participants and their scores were as follows:

	Won.	Lost.
Fenley-Smith	30	16
Fenley-Fenley	18	17
Mitchell-Hammond	15	13
Robinson-Herbst	3	18

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Salts if Your Back Hurts or Bladder Bothers—Meat Forms Uric Acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back, or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Vinol

CREATES STRENGTH FOR DELICATE CHILDREN

A Southern Mother Tells How Her Little Son Was Made Strong

Miami, Fla.—"Our little boy was puny and cross from the time he was born, and we hardly knew how to handle him. When he was three years old he was weak and so cross we could hardly live with him, and we could not get him to eat anything. A friend asked us to try Vinol. We did so and you should see the change it has made in him. He is now a good-natured, healthy youngster, ready to eat at any time, and we cannot say enough praise of Vinol."—J. L. ALBURY, Miami, Fla.

Vinol is a delicious cod liver and iron tonic without oil, containing beef peptone, which creates an appetite, tones up the digestive organs, enriches the blood and creates strength—children love to take it.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones.

SIXTY-SIX SCHOOLS IN DECLAMATION CONTEST

Big Annual State-Wide Event at Trinity College.

Conducted Under Auspices of the 9019 — Preliminaries This Morning, Followed by Contest Tonight —List of Schools.

(Special Star Correspondence.)

Trinity College, Durham, Nov. 25.—Representatives of high schools are today arriving for the fifth annual interscholastic declamation contest, conducted under the auspices of the 9019, a local scholarship and patriotic order. Sixty-six schools have signified their intention of sending representatives, as against 43 last year—the largest number heretofore.

The 9019 began this unique contest in the fall of 1910; and the contest has been held every year since, except in 1912. Since its introduction here, the idea has been widely adopted in varied forms by other institutions.

Tonight the contestants will meet in the hall of the Hesperian Literary Society for the purpose of becoming acquainted and of drawing lots for places in the preliminary contest tomorrow morning, when the contestants will be divided into three sections for a preliminary contest and the 10 speakers adjudged best will speak in the final contest for the $20 gold medal tomorrow evening. After the final contest an informal reception will be given by the 9019 in honor of the contestants.

Schools of the following places will be represented: Washington, Franklinton, Kinston, Clinton, Holly Springs, Sanford, Brevard, Norwood, Summerfield, Mars Hill, Littleton, Goldsboro, Churchland, Rockdale, Whitakers, Philadelphus, Asheville, Sylva, Oak Ridge, Cluster Springs, Bolton, High Point, Danville, Apex, Biscoe, Durham, Rocky Mount, Wilson, Liberty, Mount Pleasant, Council, Trinity Park, Shelby, Fremont, Laurinburg, Sylvan, Roseboro, Hillsboro, North Wilkesboro, Friendship, Cornelius, Winston-Salem, Cary, Oxford, McLeansville, Piedmont, West Durham, Advance, Angier, Raleigh, Henderson, Hendersonville, Mount Olive, East Durham, Charlotte, Lumberton, Reidsville, Calypso, Waynesville, Pittsboro, Jamestown, Rich Square and Roanoke Rapids.

400,000 YOUNG FRENCHMEN TO BE CALLED TO COLORS DEC. 15.

Conscripts of the Class of 1917 Will be Placed in Training.

Paris, Nov. 24.—After hearing General Gallieni, minister of war, today, the army committee of the chamber of deputies decided upon a call to the colors on December 15 of the young conscripts of the class of 1917. They will be sent to garrisons, then trained and incorporated in various regiments and services.

The class of 1917 comprises 400,000 young men, 18 and 19 years old, who in peace times would begin military service in 1917. The calling of this contingent was forecast by M. Millerand, then minister of war, in September, noting that the 1916 contingent had completed its training and that it appeared to be necessary to anticipate the time of calling the 1917 contingent so that its services might be available if the need arose, in the spring of 1916, the minimum time of training being five months.

SITUATION DEVELOPING.

Proposals of Allies Favorably Impressed Greek Government.

London, Nov. 25.—The Greek government replied Wednesday to the Allied Powers' note, according to a dispatch to Reuter's Telegram Company, which adds:

"It is understood that the reply agrees not to disarm the Allies' forces, gives them liberty of action on Greek territory for their own security and accords railway and telegraphic facilities. The government only makes reserves regarding a further examination of certain details.

"The Allies' declaration that any part of the Greek territory occupied by the Allies will be restored in due course and any justifiable indemnities paid, has favorably impressed the Greek government. The situation is developing so well that the Greek steamers held up at Malta have been released. Difficulties are no longer placed on the transmission of commercial cables."

NEGOTIATIONS FOR FULTON TO FIGHT MORAN AND WILLARD

Will Take Place in New Orleans Some Time During Winter.

New Orleans, Nov. 24. — Local fight promoters, who recently signed Jess Willard for a championship bout in March, with an opponent to be named by December 1, stated today that Tom Andrews was acting as their agent in negotiations with Fred Fulton. They plan for Fulton and Frank Moran to fight a elimination bout, the winner to meet Willard.

Moran has refused to fight Fulton, the promoters said, and they have announced that unless Moran signs for the elimination match by December 1, Fulton will be selected to meet the champion.

S. A. WITHERSPOON DIES.

Was Serving Third Term as Congressman from Mississippi.

Meridian, Miss., Nov. 24.—Representative Samuel A. Witherspoon, of the Fifth congressional district of Mississippi and a member of the House committee on naval affairs, died here early tonight. Mr. Witherspoon, while addressing students of a high school here last week, was stricken with acute indigestion which, his physicians said, affected his heart. He was 60 years old.

Mr. Witherspoon was a member of the 62nd and 63rd Congresses and was re-elected last year for a third term. He is survived by a widow, two daughters and a son.

THEATRICAL

The World Film Corporation's filmization of Douglas Murray's memorable dramatic triumph, "The Imposter," is presented at the Royal today, and is the very biggest World feature of the year. This is the guarantee of the management, who assured you that last Monday's show was the biggest Paramount of the season. You saw that and realized that we were telling you straight.

No less a personage than Josie Collins, the distinguished dramatic artiste, the much talked of heroine of "The Passing Shows," plays the leading role in this great offering, and there is no gainsaying that her supporting cast is a notable one, headed by Alec B. Francis, in himself a distinguished leading man. The double exposure is very cleverly manipulated in scenes where Mr. Francis plays twin brothers, and the scenes laid on the Atlantic seaboard, are beautiful and realistic to a great degree. That's what the Moving Picture World says about it.

Pretty Josie Collins, With Alec B. Francis, Starring in "The Imposter," at the Royal Today.

Mr. Francis does exceptional work in his dual role in this great stage adaptation, and Miss Collins is the center of everything, with her bewitching personality that won her so many thousands of admirers on Broadway for several seasons.

You will miss a treat if you miss "The Imposter" today. Take our tip again!

Big Feature at the Bijou.

Roaring along at sixty miles an hour, a powerful engine of the mogul type strikes an automobile containing Maude George, the faithless wife, who has ruined a score of lives in her basely selfish career, and instantly "kills" her. "A Little Brother of the Rich," that great Broadway feature at the Bijou today, the film version of Medill Patterson's celebrated novel and play, contains many such thrills as this, but none equal to the one in which the engine runs down and smashes the automobile.

"The Little Brother of the Rich" stars no less personages than Hobart Bosworth, one of America's most distinguished dramatic screen stars, with a supporting cast including Hobart Henley and Jane Novak. It's undoubtedly the greatest of the Broadway features so far, and comes in five reels of thrills and interesting photoplay such as you seldom see. It has played return dates in the big cities, at prices from twenty-five cents to fifty cents repeatedly, but you get it here for the ridiculous sum of five cents. The scene of the auto wreck has been pronounced the most thrilling scene ever filmed in any photoplay.

Take the management's tip—if you see this great photoplay and are not pleased with it, your money will be refunded—that's just how strong we know it is—there's no guess work about it.

There's no doubt about it—the Grand is certainly presenting some big shows these days. All this week there has been something big every day—something out of the ordinary in a strong dramatic picture.

Now today, it is going to be something out of the ordinary sure enough, but a comedy variety. Today will be presented the first of a series of great three-reel Selig comedy feature releases, called "The Chronicles of Bloom Center." The first release is entitled "Landing the Hose Reel," and it comes in three reels of real revelry, in a new style of comedy, the like of which has never been presented in Wilmington before.

If you want to see something unique, if you enjoy a comedy that will keep you in an uproar for three-quarters of an hour, don't miss this feature-comedy at the Grand today; it is a corker, and you may take the guarantee of the management for that.

The fifth and last episode of the German War Pictures, by far the most thrilling, and containing more action than all the other episodes together, will also be presented today.

MR. D. S. KOONCE AT TRINITY.

Author, Inventor, Traveler Will Soon Visit Thos. A. Edison.

(Special Star Correspondence.)

Trinity College, Durham, N. C., Nov. 25.—Mr. David S. Koonce, who graduated from Trinity in the class of 1877, has been on the campus for several days visiting the college, for the first time since his graduation. In 1896, while on a general lecture tour of Eastern North Carolina, Mr. Koonce was suddenly stricken blind. For 20 years he has lived at Ocean, in Carteret county.

Mr. Koonce entered Trinity, then located at Old Trinity, in August, 1874. He took the A. B. course in three years, making an average grade of 98 1-3, and during his junior and senior years took lecture courses in law in addition.

In 1878 he received license to practice law, but taught from this time until 1884 in Duplin county. In 1888 he began successfully the practice of law in Florida, but after a few years was forced to give it up on account of ill health. After this time he traveled with two wealthy Englishmen through South America, Central America, Mexico and the western part of the United States.

Mr. Koonce has been a writer of some prominence even since his blindness. He has invented and applied for a patent on a fadeless photograph. In December he will visit Edison in his laboratories to confer in regard to a "Photophone," which Mr. Koonce has invented. This is an appliance which has worked successfully over 28 miles in transmitting the likeness of a person talking at the telephone.

MAY OPPOSE TREASURER LACY.

Mr. Geo. K. Grantham, of Dunn, May Enter List of Candidates.

(Special Star Correspondence.)

Benson, N. C., Nov. 25.—A prominent politician of this county is responsible for the statement that George K. Grantham, druggist, of Dunn, may be prevailed upon to enter the lists against B. R. Lacy in his coming fight for re-nomination for the office of State Treasurer. "George Grantham," said the gentleman in question, "is in every way fitted for the job, and no man in North Carolina is more deserving of such recognition by the party whose hardest worker he has been for two decades." Mr. Grantham is perhaps the best known man in the territory which embraces Johnston, Harnett, Sampson and Cumberland counties.

Wake Forest Glee Club and Orchestra in Western Carolina.

(Special Star Correspondence.)

Wake Forest, N. C., Nov. 24.—The Wake Forest Glee Club and Orchestra left this afternoon for a ten days' tour to the central and western part of the State. Ten North Carolina cities are visited, beginning Wednesday night with Sanford, and closing Saturday, December 4, at Burlington. Twenty-two members of the Glee club and orchestra, including Dr. H. M. Poteat, director, and Manager C. O. Riddick are making the trip. An extensive programme has been arranged consisting of sixteen numbers.

MATTAMUSKEET LAKE WORK WELL UNDER WAY

Entire Project Expected to be Completed Next Summer.

More Than 300 Freight Cars Used in Bringing in Machinery for the Undertaking—Drainage Convention to See It.

(Special Star Correspondence.)

Wilson, N. C., Nov. 25.—Next week is the time for the eighth annual drainage convention held under the auspices of the North Carolina Drainage Association and the North Carolina Geological and Economic Survey. Lawrence Brett, of Wilson, is president of the State Drainage Association and will preside over the sessions of the convention, which will be held at Belhaven, November 29 and 30 and December 1.

The arrangements as announced include a trip of inspection to Mattamuskeet Lake, the scene of the greatest drainage project of the South. The work at Mattamuskeet Lake is so well under way that visitors will be able to get a good idea of the immensity of the proposition which will reclaim 100,000 acres of land. The work was begun two years ago, following the purchase of the lake from the State Board of Education. The lake proper covers 50,000 acres and the land is said to be as fertile as the valley of the Nile. In fact, it has been prophesied that when the work is completed and the lake bed with the adjacent lowlands are ready for cultivation that Hyde county would raise enough corn for the entire State. The proposition covers the system of canals totaling 100 miles in length which will discharge the water into a reservoir at the pumping station where a 2,000-horse power pump will lift the water and discharge it into an outlet canal leading into Pamlico Sound. This outfall is 60 feet wide at the bottom and 70 feet wide at the top, and 10 feet deep.

The drainage enterprise was based upon the latest and most approved plans and the surveys and plans were submitted to government engineers and approved by them prior to the beginning of the work. It is a mammoth undertaking and it was estimated that over 3,500,000 cubic yards of earth would have to be moved by the contractors. The bringing in of the machinery was a task in itself. More than 300 freight cars were needed to transport the machinery for the pumping plant and this machinery had to be taken to the site of the pumping plant on boats floated up the outlet canal.

Mr. Lawrence Brett, of Wilson, is the general engineer in charge of the work and is pushing it forward to completion as rapidly as possible. The contractors expect to complete the entire work during the summer of 1916.

FIRE AT MAGNOLIA.

Residence of Mrs. Frank Scott, With Contents, Destroyed.

(Special Star Correspondence.)

Warsaw, N. C., Nov. 25.—The residence of Mrs. Frank Scott, of Magnolia, with all its contents, including, besides household and kitchen furniture, $100 in cash, was completely destroyed by fire Wednesday night. The loss is estimated at $2,500. Origin of the fire is unknown.

LUMBER MILLS TO BE MOVED

(Special Star Correspondence.)

Warsaw, N. C., Nov. 25.—Mr. C. S. Calton, who for several years has operated a saw mill a few miles from town, for the Wilson Lumber Company, is having a sale today of all his goods, which include a high-powered automobile, commissary supplies, farming implements, horses, mules, and household effects. The Wilson company also own a planing mill in town, and will move both mills to another state. Hence, the sale.

The football game between Wilmington and Faison teams to be played in Faison Saturday is being anticipated by our citizens, many of whom will avail themselves of the pleasure of witnessing it.

Several land sales of importance have been negotiated by the Burton Brothers and Newton Realty Company recently. There was a sale of town lots of the Delway school property, near the Warsaw high school building, last week, and of the H. D. Farrior tract near Kenansville Wednesday.

Nashville, Tenn., Nov. 25.—Outplayed and held scoreless during the first half of the annual Thanksgiving game with Sewanee, the Vanderbilt football team this afternoon, came back strong in the fourth quarter and rolled up a score of 27 points. Vanderbilt made four touchdowns and Curry kicked three goals.

Curry was the star of the game. Near the end of the last quarter he ran back a punt 80 yards for a touchdown. Another time he ran 84 yards for a touchdown.

Art Connoisseur and Pretty Secretary Win.

Mme. Lisetta Morosino.

Professor Elia Volpix Volpi.

When Professor Elia Velpix Volpi, wealthy and famous art connoisseur, who had dealt with J. Pierpont Morgan, and his secretary, Mme. Lisetta Morosino, arrived in the United States the other day, and were sent to Ellis Island, later to be ordered back to Italy, artists in the United States were shocked. Professor Volpi brought with him some $750,000 worth of Italian works of art for sale here, and these were held while he was in trouble. An Italian enemy had cabled to the immigration commissioner, making charges against him and his beautiful secretary. Not until an appeal was taken to the Washington authorities, was the order of the New York immigration official overruled. The art connoisseur and his secretary were then admitted.

THANKSGIVING

Let's all be thankful together

SO much of the good in the world is smiling on this big country of ours, that we all ought to be deeply thankful

Thankful for peace and prosperity; thankful for good crops; thankful for our ability to help the homeless ones; thankful that a huge shell isn't going to crash into our home any minute.

We're thankful that we have so many opportunities to serve the men in this community; we're thankful for their response to our efforts.

Hart Schaffner & Marx make the kind of clothes any man ought to be thankful for; we carry shirts, neckwear and other furnishings of the same class; everything here to make you look well and happy on Thanksgiving Day.

TOP O' THE MORNING

The man who knows a great deal but does not make use of it is like one with a million dollars—all in big copper cents; it is not available for use in that shape. A man who is busy getting money primarily for himself, not for use among others, is like the Dead Sea. It lies at the deepest depression of the earth's surface; he lies at the deepest depression below the surface of his fellow's needs. —S. D. G.

We will soon have to look forward to a new year.

Rejoicing does no harm but grieving does no good.

After next Wednesday this historic year will be on its last lap.

The next thing on the programme is the coming of Santa Claus.

A man should realize that he robs himself when he takes his time.

Some men are the machinery and others are the tools for keeping it going.

Lots of people forgot to be thankful that they don't have to march into battle today.

Some simply had dinner on Thanksgiving Day and will try to have another today.

Those not capable of reasoning themselves are not open to conviction by those who approach them with reason.

Those who go around looking for slights never seem to overlook any nor do they ignore what they mistake for slights.

Next stop—Christmas, as the lamented Bob Phillips would say this morning, if he were still living and writing paragraphs.

Some of us had to work on Thanksgiving Day but we were thankful that we were able to work and had the work to do.

A man prefers to say things behind your back but when a woman has anything to say she will go all around you to get to your face.

It is to be hoped that there are grounds for all the peace rumors afloat. The interest of humanity calls for an end of the madness of the monarchies.

Christmas is only a few weeks away but thousands of young men in Europe will never live to see it. Millions who will be alive will see very little of Christmas.

Thomas Jefferson said that all men are born free and equal, or words to that effect, but he never meant that they would remain that way very long after being born.

A colored woman complained to a lawyer about her husband and wanted something done to him on account of his "idolitry." She said that all he does is to idle around.

A little girl saw her mother dressed to go out for the evening. "Mother," she observed, "your dress is pretty but you are too long for it or you haven't gone far enough up in it, one or the other."

The friends of militarism are doing more harm to national preparedness than Colonel Bryan. The militarists are belittling adequate and sane preparedness, because it does not mean militarism as they want it.

A Parisian modiste inquires: "Why do the American women show so little individuality in their dress?" Probably they prefer to display more personality than individuality, although we don't know that it's so.

The Chinese seem to have come to the conclusion that when the people rule they don't know who to blame for making the taxes high. They can't realize that the people themselves are to blame, but the Chinese are not the only people who cannot realize it.

THE DEPARTED GRANDEUR OF OUR FORESTS.

The North Carolina Forestry Association will hold its sixth annual convention at New Bern January 18 and 19, and The Sun states that already New Bern is preparing to entertain the foresters on that occasion. By way of preparing them for what is coming to them among the fine people of the city on the Neuse, The Sun concisely announces that "the city is noted for its hospitality and we can assure the visitors that they will be well treated."

Let us hope that New Bern will be literally overrun with foresters when the association gathers there. That city will be equal to the occasion, however, for the "big blade" comes open handily when the New Bern people get busy to dispense hospitality. We have been there when New Bern had guests, and, though it was some years ago, we can never forget the refined and persistent courtesy which seems to be so characteristic of that city's people. There is something unaffectedly openhearted and unobtrusively generous in the reception and entertainment of strangers within the gates of that delightful city. We mean delightful because New Bern people have made it so, and the impression will last with us so long as we can never forget the differential cordiality which is a fine art in New Bern.

It is to be hoped that the State Forestry Association will have the largest and most earnest convention in its history. It was organized six years ago, and its object and purpose ought to be appreciated in every quarter of the State. Its importance ought to be emphasized in every county in North Carolina, for the future of the State's forests and timber resources depends henceforth upon conservation of our virgin forests and the propagation of new timber and wood resources. If the association's purposes and methods were once understood and promoted systematically by the State government, the people would begin to appreciate the meaning and value of forestry. If a forestry system had been adopted and rigidly carried out fifty years ago, the magnificent long leaf forests of this part of North Carolina would not have vanished so completely as has been the case in thousands of square miles of cut-over territory.

Vanished is a good word for it, for those who remember the vastness, the grandeur and the immense solitude of the once great pine forests that extended in unbroken stretches for miles and miles, realize that their grandeur has departed. Shame! Those who behold the even yet resourcesful forests remaining see only the shadow of the gigantic pines, the soughing winds in whose huge branches reminded one of the never-ending roar of the ocean. There were oceans of forests once but they are now traditions among those who hear of them but have never seen them and never can see them in their original magnitude.

Havoc has been created by the lumber manufacturers and the destructive forest fires which have denuded the forests of their monarchs, while the razor-back hog, known affectionately as the "piney woods rooter," has effectually prevented a new growth. Neither has re-forestation ever been dreamed of, except by one lumber company that we know of—the Butters Lumber Company, in Columbus county, which has guarded and re-forested its large holdings and is growing new timber crops worth a quarter of a million dollars a year, probably more.

We have been forest Goths and Vandals, and future generations will hardly give us credit for intelligence. Without deliberately intending it, we have been guilty of inexcusable waste because of neglect or failure to appreciate the value of forestry. We have gone on for nearly 300 years without seeming to realize that we were neglecting a duty that we owed to the forests and to the posterity of neglectful predecessors. The State is to blame, and it seems to be willing to go on being willing to take it. The State has to adopt a forest policy, else it will continue to permit an unaroused people and their piney-woods rooters and stock to continue to waste resources for which already the State is suffering in the loss of its once great timber industry.

Besides this, there are the mountain and piedmont forests of hardwoods, probably devastated like the pine forests of the sand hill and tidal section. The Forestry Association ought to wake up all the people and especially get behind the State government. Good government is not al that a State ought to provide for its people. Efficient government is not all that a state ought generation, but what blessings is the State government conserving for generations unborn? Do we give serious thought to that?

The North Carolina Forestry Association is the organized body to which we must look to emphasize the necessity of forest conservation and reforestation for a grateful posterity that will appreciate the intelligence and thoughtfulness of this movement, even at such a late hour as this.

THE POSSIBILITY PROMOTERS

Some of us are writing voluminously if not luminously about the resources of North Carolina, and we are talking with volubility if not ability concerning the State's great advantages, possibilities and opportunities. Meanwhile some do not talk much or write much but they go right out and demonstrate that the talkers and writers are right. Men like Mr. L. H. Caldwell, of Lumberton, for instance, take advantage of their opportunities and they do it in such a way as to fully vindicate the balance of us. They are out for the stuff, however, and they get it, just as Mr. Caldwell has done it on some Robeson county land of which he is the fortunate possessor. One of the advocates and guardians of the possibilities in Robeson county is the Lumberton Robesonian, and we may as well let that paper depose and furnish authority for the following:

"Mr. L. H. Caldwell says that he raised on one of his farms this year 112 bushels of Irish potatoes after a good oat crop had been harvested from the land. The potatoes were planted about July 1. Mr. Caldwell ran a deep furrow and planted the potatoes in it, but didn't cover them but very little. Many farmers say they cannot get potatoes planted late to come up. By planting them deep Mr. Caldwell says, They have plenty of moisture to make them sprout. Think of it! 112 bushels of potatoes, for which from $1 to $1.50 per bushel is easily realized, after an oat crop. Aside from being one of the leading merchants of this section Mr. Caldwell is an extensive farmer who farms in a profitable way. He is a great diversification advocate also."

That is a fine text for a few possibility observations. That Robeson county land contained some possibilities, and an enterprising and successful merchant, and one of the finest sort of men at that, tested these possibilities and it was found out by the Robesonian. One of the possibilities was that Robeson county land was productive. Mr. Caldwell proved it and he also proved the possibility of producing two valuable crops on the same land in one season. This two-crop land yielded rich returns, and the money value is such that if a man were told that he could get its equivalent in gold on fifty acres of Robeson county land every year, he would go up immediately with a "long tom" and sluice that land 365 days each year and do a good business if he were to get as much gold per acre as Mr. Caldwell got in two money crops per acre.

Digging for gold is an uncertainty, but there is hardly any uncertainty about digging wealth out of farm lands in Robeson county when the right man digs or goes out every now and then with an umbrella and looks after the work.

Mr. Caldwell is a constructive citizen who knows what possibilities are and knows how to get them out of the land and put them under lock and key as an asset represented in the equivalent of their money value. This is only part of all there is to it.

THE WORLD AS WE FIND IT.

A mighty good reason why the people of this country should be overwhelmingly in favor of national preparedness is that we have to take the world as we find it—not as we would like to find it. If we find it maintaining immense navies and great armies we have to believe that we had better look out for ourselves. If we find the world safely under the wings of the dove of peace, we need not bother about being afraid that something will happen to us if we are not prepared.

We love peace, but, as we find the world today, we love preparedness just as much as we love peace. That is a kind of homely philosophy, but there is no getting around it. We find the world powers with big navies and enormous armies and because of them the map shows that they have been acquiring many valuable possessions that did not formerly belong to them. Anyhow, a power with a navy big enough can deny to all the world the freedom of the seas, while one with an all-conquering army can dominate every country which it thinks needs it. Therefore, we have to take the world as we find it and wait till some other time to think this country is safe.

MAN'S LOVE FOR MAN.

Editor Robert Lilly Gray, of the Raleigh Times, reminds us in a paragraph that there are times when we can't help throwing out a broad hint that we are compelled to be "from Missouri." When we become skeptical it is bound to crop out, and it crops out this way in The Times:

"A glance through the pages of Brother Bryan's 'Commoner' discloses about seventeen characteristic reasons over signed articles going to show how much the orator of the Platte loves the more or less silent man in the White House with a deadly affection.'

Adequate preparedness has nothing to do with this, and this is the only time it is going to be mentioned in what is going to be said here. The subject under consideration is a side issue, but it is well to brush them aside as they come up to befog otherwise clear propositions. Therefore, it might clear up the matter to state broadly that as a general thing men have more or less regard for those whom they have no reason to dislike or to hate, but men cannot and do not love those whom they antagonize and whose purposes they decry and whose policies, plans and influence they deliberately set about to undermine and destroy.

Those who are not with us are against us, so it is impossible for those who are fighting us to love us while despising our ways. Strained relations indicate the absence of love, while antagonism is proof that love has absented itself and has gone off to stay. The best sign of love is the helping hand, extended in sympathy, aid or rescue. One who pulls down what you put up does not love you, neither will you love the despoiler of your handiwork.

Of course, we are contemplating Colonel Bryan's alleged love for President Wilson in this instance, and we feel constrained to say with all due respect to the Colonel that he only thinks he loves Wilson, for he doesn't show it by his actions. Leastwise, there is nothing whatsoever in it to indicate the kind of love and faithfulness demonstrated by Damon and Pythias.

Yea, it is Colonel Bryan's privilege and prerogative to be against President Wilson and it is up to him to tear down the President's playhouse, but he ought not to ask us to believe that the animus of antagonism has any striking resemblance to love. Wherefore we observe that there are a great many things that we should never do. One is to fool ourselves and another is to fool others, or think we are doing it. Love never lets the object of affection get lonesome or go off on a cold trail for only one.

The true philosophy of it is that men do not love each other so's you'd notice it, anyhow. A man might love another for a while for what he can get out of him, but if he can't get anything it is "good night." Even some who get it do not know the meaning of gratitude, much less that of love. A man doesn't care very much about having the love of another man, anyhow, because it makes him suspicious. All that men can expect of each other is distinguished consideration, generous friendliness, a smile now and then and a wink that is as good as a cinch.

We think it is necessary sometimes to speak out definitely on important matters like this, in order to show that we are "from Missouri," if nothing else. We should never be dissemblers, because we can't work off much dissemblance on people who keep their eyes skinned—especialy when they are getting on to our curves.

CHRISTMAS SEALS ON SALE.

Winston-Salem Sold Highest Number of Red Cross Seals Last Year.

(State Board of Health.)

Winston-Salem sold the largest number of Red Cross Christmas Seals sold by any town in the State last year, while Asheville ran her a close second. The receipts of Winston-Salem's sale amounted to $927.43; Asheville's amounted to $923.15. Thee total number of seals sold in the State during the whole 1914 campaign was 674,522, which amounted to $6,745.22, an increase of 149,215 seals and $1,492.15 over the sale of 1913.

Dr. L. B. McBrayer, executive secretary of the State Red Cross Seal Commission, explains the rules and conditions of the sales as follows: Seventy-five per cent of the proceeds of the sale of Red Cross Christmas Seals is to be retained in the community where the seals are sold and used by the committee as they see fit in the fight against tuberculosis. Many of the large towns last year used this to pay the salary, in part or the whole, of tuberculosis visiting nurses, others sent patients to the Sanatorium to take treatment, while smaller towns provided food and clothing for needy tuberculosis sufferers and arranged for lectures, charts and exhibits, thus aiding in the great educational fight against tuberculosis.

The remaining 25 per cent., as explained by Dr. McBrayer, is sent to the Secretary of the State Commission at Sanatorium, N. C., 10 per cent of which is forwarded to the National Association for the Study and Prevention of Tuberculosis for its support and maintenance. The 15 per cent. kept by the State Commission is for defraying the expenses of the annual Red Cross Seal campaigns and for conducting Tuberculosis Sunday each year.

The day after Thanksgiving has been decided on as the day to put the seals on sale. 1915 promises to be the best year the sale of seals has ever known in North Carolina.

APPRECIATE KIND EXPRESSIONS

I appreciate more than words can express the kind expressions of any work for the "Confederate Woman's Home" as State chairman, from the directors of the Confederate Home, friends throughout the State and the press. But I wish to state that much of the credit of this home is due the men and women in North Carolina, who labored so faithfully for the establishment of their noble institution, which is now so close to the hearts of the people, for without their hearty co-operation, and the cheerful response from the Chapters U. D. C., North Carolina, my labors would have been in vain. My interest in this work has not been for vainglory, but for suffering and homeless humanity, and if in the evening of life, I have been instrumental in the sun setting more gently on the brow of these dear old ladies, entrusted to our care, I shall feel my mission complete.

I thank each and every one for their part in this noble work.

MRS. HUNTER G. SMITH,
Chairman Confederate Woman's Home.
Fayetteville, N. C.

CURRENT COMMENT.

Wilmington, Charleston, Galveston, Mobile, New Orleans and other Atlantic coast towns are not to be blamed if they see more or less of a spirit of selfishness in some of the opposition that has been put into evidence in the matter of preparedness.—Charlotte Observer.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota. —"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. JANSENG, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THANKSGIVING EVENTS AT THE COUNTRY CLUB

Mr. J. H. Davis Won Annual 18-Hole Handicap Match.

Mr. C. E. Taylor Winner of 36-Hole Gold Medal Competition—Mr. W. L. Waring Low Man in the Sweepstakes Contest.

Ideal weather conditions and a large number of enthusiastic players made the annual Thanksgiving tournament at the Cape Fear Country Club yesterday one of the most successful in the history of the organization. After the 18-hole handicap event before noon, a basket luncheon was served and in the afternoon there were two events, one being the men's 36-hole sweepstake scratch competition and the other an 18-hole handicap sweepstakes.

Mr. J. H. Davis won the annual 18-hole handicap event while Mr. C. E. Taylor was low man in the 36-hole gold medal competition and Mr. W. L. Waring was the winner in the sweepstakes event.

The first event on the programme was the 18-hole medal score handicap, the prize for which was a copper cup. The best net scores were: Mr. J. H. Davis, 74; Mr. D. W. Gross, 75, and Dr. G. G. Thomas, 77. The second and third prizes were golf balls.

The gross scores, handicaps and net scores were as follows:

	Gross	Hdp	Net
J. H. Davis	92	18	74
D. W. Gross	97	22	75
G. G. Thomas	107	30	77
C. E. Taylor	92	5	87
J. W. Carmichael	98	9	89
A. S. Williams	92	13	79
J. R. Murchison	104	14	90
Dr. R. H. Bellamy	100	16	84
B. H. Bridgers	97	15	82
J. A. Stewart	93	7	86
Dr. J. W. Stanly	98	13	82
W. L. Waring	99	16	83
C. S. Grainger	110	18	92
R. C. James	106	19	87
F. W. Dick	88	8	80
J. F. Roache	99	11	88
J. J. Blair	108	30	78
A. B. Skelding	105	22	83
Lawrence Sprunt	111	25	86
Raymond Hunt	99	16	83
J. C. McEachin	101	20	81
W. A. Fisher	114	24	90
H. Calder	118	30	88
A. C. Chalmers	125	30	95
W. D. MacMillan	104	18	86
W. G. Robertson	91	8	83
E. A. Matts	104	23	81
M. Calder	100	17	83

At the conclusion of this match, an oyster roast and basket luncheon was served by the ladies which was most delightful and thoroughly enjoyed by all the members.

At 2:15 o'clock, the second half of the club medal competition was started. This event was for 36 holes and was won by Mr. C. E. Taylor with the score of 183 which was two strokes better than last year's record. This gives Mr. Taylor the title of club medalist for the year. The second place was won by Mr. J. A. Stewart with a score of 194 and he was awarded four golf balls as a prize. The other scores were as follows: F. W. Dick 197; W. G. Robertson 185; A. S. Williams, 189; J. W. Stanly, 190; B. H. Bridgers, 192; J. W. Carmichael, 200; W. L. Waring, 194; J. F. Roache, 203; D. W. Gross, 210; R. Hunt, 199; Dr. R. H. Bellamy, 202; M. Calder, 206; J. C. McEachin, 206; J. H. Davis, 194.

The next event held was the handicap sweepstakes which resulted as follows: First prize of golf balls won by Mr. W. L. Waring with gross score of 99, handicap 16, making net score of 79; second prize was won by Mr. B. H. Bridgers, with 95 gross, handicap 15, making net score of 80; third prize was tied for by Dr. J. W. Stanly and Mr. A. M. Thompson with net scores of 82 each.

The next event on the golf club calendar will be the Ladies' December handicap which will be held on Thursday, December 2nd. All ladies who have not done so are requested to file their scores on the board in the ladies' locker room.

There's Danger in Sluggish Bowels

Biliousness, Sick Headache, Sour Stomach Appendicitis, all Start in Inefficient Bowel Action. Foley Cathartic Tablets the Reliable Relief.

Never let the bowels get irregular. It's dangerous and unnecessary. A bottle of Foley Cathartic Tablets will provide ready relief at all times.

They clear the stomach, liven up the liver, stimulate the secretion and flow of the bile, have a good tonic effect on the whole intestinal tract.

Of Foley Cathartic Tablets, Mr. E. J. Hudson, a dealer of Cross Keys, Ga., says: "I believe for a thorough cleansing movement of the bowels, without the slightest inconvenience or sickening, I believe the Foley Cathartic Tablet the best on earth. It's a perfect cathartic, with no bad effects. My customers are highly pleased with them. They always satisfy beyond their expectation."

FIDDLERS TO GIVE CONCERT

Unique Entertainment Scheduled to Take Place Early in January. Number to Participate.

The man that has no music in his soul, nor is not moved by concord of sweet sounds is fit for treasons, stratagems and spoils, said one Shakespeare and another writer who lived a long time after the Bard of Avon, has declared that the man who cannot appreciate the music of a fiddlers' convention should be chucked into the Cape Fear river and made to swim to Southport.

Since the time to which the memory of man runneth not to the contrary, fiddlers' conventions have been universally acclaimed as the climax of all first class and really enjoyable musical entertainments and he who cannot enjoy them ought to take a chill tonic. It is true that the violin has largely supplanted the fiddle, but there are still a great many people who are fiddlers and not violinists.

Believing that in the usual order of things, every man, woman and child should have an opportunity to hear some of the old time fiddlers' music and feeling that Wilmington has too long been denied this privilege, several devoted admirers of the fiddle have banded themselves together with the avowed purpose of having in this city early in January a convention of fiddlers that will knock the shine clear off the big conventions held in Charlotte—long recognized as a musical center—and the call has been sent abroad to fiddlers throughout the length and breadth of Southeastern North Carolina—and even to South Carolina—requesting that they make preparations to attend this grand festive occasion.

Several of the city's violinists will be asked to present a few numbers by way of variety, but they will not be allowed to enter the contest for prizes. Competition for honors will be confined strictly to fiddlers. No others need apply and nobody will be permitted to take part in this part of the programme unless a bona fide player of the fiddle.

Themistocles is reputed to have said that he could not fiddle although he could make a small town a great city. That was nothing to brag about, however, and those conversant with true fiddling consider it a higher gift to be an expert fiddler than to build towns, preside over the affairs of a nation or even to play a violin.

A committee has been appointed to make arrangements for the big convention in January and is composed of Messrs. J. B. Huntington, F. W. Tramain and John A. Livingstone. The convention will be held in the Y. M. C. A. gymnasium about the middle of January and it is expected that there will be many fiddlers in attendance.

ANOTHER VACATION FOR SCHOOLS

No More Lessons Until Monday—Teachers Attending Assembly.

The schools in Wilmington and New Hanover county, are all giving today as a holiday, being so requested by the State Superintendent of Public Instruction, and many of the teachers are attending the State Teachers' Assembly, at Raleigh. The schools will re-open Monday and the kiddies will feel just as if they had been out of school so long that they can't get back into the game for a while, but it will do them good in the long run, and they will find themselves much better equipped for work after they get over the effects of the rest.

As is their usual custom, Eighth Grade A, room 1, Union school, Mrs. I. T. St. Amand, teacher, gave 12 well filled baskets to as many needy families. They wish to thank Rev. A. J. Parker, pastor of Fifth Avenue Methodist church, for the use of his automobile in the distribution.

SPECIAL MUSIC SYSTEM.

Miss Matilda Orr Hays, of New York, to Spend Month Here.

Miss Matilda Orr Hays, of New York, who is one of the first graduates of the noted Dunning system of music, will arrive next week to give a month's instruction in Miss Peirce's school of Natural Education, No. 318 South Third street. The Dunning method is said to be a wonderful system of teaching music and harmony. While Miss Hays will be here for especial work in the school of Natural Education, she expects to take a number of outside pupils also.

The school of Natural Education has eight teachers in the present training class and preparations are being made for more students after Christmas. There is a big demand for teachers trained in the methods advocated by Mrs. Stoner and letters are being received even from Canada.

GARDNER CANNOT ATTEND.

Broken Leg Will Require Elks to Get Another Speaker.

The news that State Senator O. Max Gardner, of Shelby, who was on the programme to deliver the memorial address at the Elks' Lodge of Sorrow, here the first Sunday in December, had his left leg broken and his back hurt in the wreck at Salisbury Wednesday night, and for this reason will be unable to meet his appointment, has been learned with regret here. It will be necessary for the Elks to get another speaker.

Senator Gardner has a wide circle of friends in Wilmington, who are sorry to hear of his injury, and with whom he is popular. He is a prominent candidate for the office of Lieutenant Governor of North Caroling.

Death of Infant Son.

Friends will tenderly sympathize with Mr. and Mrs. E. C. Butler, who are bereaved in the death of their seven-weeks-old son, Henry Clayton Butler, which occurred Wednesday afternoon, after only a few hours illness at their home, No. 416 Ashe street. The funeral was conducted yesterday afternoon at 3 o'clock from the residence, by Rev. T. G. Vickers, pastor of Bladen Street Methodist church. Interment was made in Bellevue cemetery.

Had Her Ankle Sprained.

Mr. and Mrs. L. F. Pridgen, who live at No. 1508 North Fourth street, say they wish to thank the gentlemen who cared for their sister, Miss Lola Pridgen, who suffered a painful accident while leaving a street car at Sunset Park yesterday afternoon. The young lady had made a mis-step and sprained her ankle, and had fainted from the pain when the gentlemen came along in a car and carried her home, she being too sick to ask their names.

Reports Business Good.

Yesterday's Fayetteville Observer: "Mr. C. L. Porter, superintendent First Division Atlantic Coast Line Railroad, is in the city. He reports business good—not up to 1913, but a vast deal better than this time a year ago."

ALL OF WILMINGTON OBSERVED HOLIDAY

Y. W. C. A. Gives Delightful Entertainment.

Many Church Services Well Attended—Fine Collections for Support of Orphanages—Sport Spirit High.

Polite Wilmington did herself honor yesterday in celebrating Thanksgiving, which, on account of the increased American spirit caused by the European war and proposed plan of preparedness for war, was probably more widely celebrated this year than at any preceding year. All business houses were closed. Football, the National game on Thanksgiving, was in its glory here as in almost every other well regulated city. Social affairs were enjoyed by many. Probably the biggest activity of the holiday was the strenuous campaign in the city for the different orphanages over the State, which was handled through the churches in their special services, which were well attended.

Probably the most strenuous and successful work was done by the Baptist churches in the city, which made their contributions to the Thomasville Baptist Orphanage. The Presbyterians reported quite a substantial offering for the Barium Springs Orphanage. Practically every church in the city held special services.

Among the churches reporting enthusiastic meetings were the First Presbyterian, whose individual contribution to the Barium Springs Orphanage was the largest collection reported from any one church. The Baptists made the best showing of any denomination in the city in the way of large contributions.

Rev. Dr. A. D. McClure, held services in St. Andrew's Presbyterian church there. The Southside Baptist and two well attended services and made a good sized contribution for the orphans.

Special music was a feature of the service yesterday morning at the First Baptist church. Miss Pauline Crumb, who is a gifted violinist, rendered as a solo, Beethoven's "The Menuett," No. 2 in G, in a delicate and appealing tone that touched the hearts of the large congregation. Rev. W. Marshall Craig, the pastor, preached at this service and in the evening, preached at the Winter Park Baptist church. Calvary Baptist church, made a report of one of the really large offerings to their orphanage. The Winter Park Presbyterian church, reported a good attendance and collection.

The Episcopalians in the city made their offering for the Thompson Orphanage in Charlotte. They reported well filled churches for the services.

The Young Women's Christian Association was well prepared to exemplify the holiday spirit and had a really delightful social, and gave a splendid programme. The refreshments served were delicious and the large assevening's entertainment. Their programme consisted of piano solos by semblage were most delighted with the Misses Christine Schulken and Lila Williams, both of whom are masters in their musical art. Several well rendered vocal solos added much to the programme. Mr. William Murphy sang "Bedouin Love Song." Mrs. George Boylan sang "Sleep, Smile and Slumber," by Sounad, and Mr. Spavin sang "Sunset," by Dudley Buck. "A Little Child Shall Lead Him," was effectively read by Miss Rachel Pearsall.

GRAND OPERA ARTISTS

AT BOYS' BRIGADE TONIGHT

Exceptional Musical Offering on Lyceum Course Programme.

A real treat is undoubtedly in store for music lovers in the concert to be given tonight at the Boys' Brigade auditorium, Second and Church streets, by the Grand Opera Artists, who will appear as the second number on the Brigade's Lyceum course for this winter. There has been much interest manifested in this number, especially by the musically inclined of the city. An enjoyable programme is promised for all, as the artists will vary their numbers, including the old English ballads or modern songs of the more popular character.

The management of the course hopes no holder of a season ticket is under the impression that he or she will have to pay an extra amount to enjoy this star number. All ticket holders, of course, will hear this concert without any additional cost whatever to them. There have already been many requests for extra seats, and the indications are that there will be a large attendance.

"The Alkahest Lyceum bureau has the following to say concerning the Grand Opera Artists:

"For several seasons we have been offerings the finest high-class musical companies in lyceum circles and here is the finest company thus far. We feature a contralto and tenor this season as a change from the soprano and basso of former seasons. The personnel is notable:

"Mme. Cara Sapin, contralto soloist, formerly of the Metropolitan Grand Opera Company, of New York, and the Boston Grand Opera Company. A great solo artist who has sung successfully in concert as well as in the leading roles in opera with the two finest opera organizations in America.

"Raphael Diaz, tenor, formerly of the Metropolitan Grand Opera Company. Recently he made a tour of this country, sharing honors with Tetrazzini. His a phenominal tenor voice, one that creates great enthusiasm whenever heard.

"Louis Besserer, violin virtuoso, sole violinist of the Boston Opera Company and soloist with the Boston Festival Orchestra, a wonder artist whose playing has captivated the conservative East.

"Miss Beatrice Holbrook, concert pianist and accompanist, pupil of Gerhard and one of the best concert pianist in Boston."

The concert tonight at the Brigade auditorium will begin at 8:30 o'clock, the doors being opened at 7:45 o'clock. All who expect to attend are urged to come in time and save a rush for the ushers during the last few minutes. Those arriving after the programme has begun will be seated immediately upon the completion of the number then being rendered.

PREPARING FOR HEAVY CHRISTMAS BUSINESS.

Postoffice Department Seeks Public Co-Operation in Movement.

Postmaster H. McL. Green has been notified by the Postoffice Department to take such steps as he can to secure the co-operation of the public for the early dispatching of Christmas mails. About the first of next month placards will be placed in the postoffice asking the public to mail all Christmas presents early.

Under the regulations of the Postoffice Department, packages may have the words "Not to be opened until Christmas" placed on them. The notice to the local postmaster states that co-operation on the part of the public will cause great reduction in the amount of overtime work which will be required of the clerks during the holiday season.

LOCKEY-JONES WEDDING ON WEDNESDAY EVENING.

Currie, N. C., Nov. 25.—A very pretty wedding of much interest to their many friends was that of Miss Emma Lockey, of Currie, to Mr. J. B. Jones, of Wilmington, Wednesday evening. The Rev. Mr. Carter, of Garland, officiated. The bride wore a lovely costume of white ivory satin and lace, and carried a lovely bouquet of pink carnations and ferns. The bridesmaids were Miss Atla Ketchum, of Wilmington, and Miss Ruby Rowe, of Currie. They wore pink satin and carried white flowers. Mr. Jones was attended as best man by Mr. Arthur Long, of Wilmington. The parlors were very prettily decorated with ferns and flowers. Among the out-of-town guests were Mr. Joe Jarriott, of Scott's Hill; Miss Mary Jarricott and Miss Nannie B. Sykes. Besides these a large number of friends and relatives from Currie were present.

The happy couple left on the evening train for Wilmington. They will later go to Asheville. Mr. Jones is well known and has many friends in Wilmington, Asheville and Durham. His bride is the youngest daughter of Mrs. T. T. Lockey, of Currie, and a very popular and most attractive young lady, numbering her friends by the score. Mr. Jones is the only son of Mr. Thos. Jones, of Magnolia. The best wishes of the people of their respective communities go with them.

ELABORATE WEDDING AT FAISON OF MUCH INTEREST.

A social event of wide interest in this part of the State was the marriage of Miss Bessie Sutton, daughter of Mr. and Mrs. William R. Sutton, to Mr. Ralph Bertram Williams, of this city, son of Mr. and Mrs. C. C. Williams, of Kenansville, well known in Eastern North Carolina, which was solemnized Wednesday evening at 5:30 o'clock at the beautiful country home of the bride's parents near Faison. Rev. W. A. Stanbury, the bride's pastor, officiated.

The bridal party entered the main parlor from the rear porch parlor. The officiating minister came in first, taking his position in the improvised altar in the corner of the parlor, which was artistically decorated with bamboo, ferns, chrysanthemums, cut flowers and Southern pine, and lighted with pink and green candelabra, where the radiant glow from the fireplace added a rare cheerfulness, this being the color scheme of the entire decorations. The bridesmaids, who wore white organdie, with Nile green girdles, followed with the groomsmen. The bridesmaids were Misses Clyde O. Williams, Willie Blackburn, Mattie King and Olivia Sutton, and the groomsmen were Messrs. Ivy Sutton, brother of the bride; Allen Sutton, John T. Williams and Gordon P. Cooper, all attired in full dress.

Then came the maid of honor, Miss Mary Jane Sutton, cousin of the bride, wearing white silk netting of green satin, and carrying a bouquet of chrysanthemums. The groom, with his brother, Mr. Luther W. Williams, as best man, came next, while the bride, who was beautiful in her dark blue traveling suit, with hat and gloves to match, entered on the arm of her father, who gave her in marriage. Her only jewel was a brooch of pearls, the gift of the groom.

Miss Lila Fisher Williams, of Wilmington, presided at the piano, playing the "Bridal Chorus" from Lohengrin, as the party entered. During the solemn ceremony, she played softly, MacDowell's "To a Wild Rose," and played Mendelssohn's "Wedding March" for the recessional.

Following the ceremony the party was conducted into the spacious dining room, decorated in the same fashion as the parlors, where an elaborate dinner was enjoyed by all. There was more than 100 visitors, who were entertained at the reception that followed. A very beautiful and interesting feature of the reception were the several vocal selections artistically rendered by Miss Clyde O. Williams, sister of the groom, and a senior in Meredith College, at Raleigh.

In the present room was a gorgeous display showing the high esteem in which the happy couple is held. Just before the reception was over, the wedding cake was cut, in the reception room opposite the parlor, containing three good omens for the ones who got the hidden treasures. Miss Mary Jane Sutton drew the piece containing the dime; Mr. Joseph Stone, of Albany, N. Y., drew the thimble, and Mr. Patrick Sutton, the ring.

At the close of the reception, the party went in automobiles to Mt. Olive, where, amid a shower of rice, the bride and groom boarded the train for Washington, D. C., and other Northern points. They will be at home after January 1st, at No. 212 Red Cross street, this city.

Guests coming from a distance to attend the wedding were Misses Valeria E. Williams, Miss Lila Williams, Messrs. Arthur Einstein and Abe Schultz, who accompanied the groom from Wilmington; Mr. Joseph Stone, of Albany, N. Y.; Mr. Albert Sutton and Miss Clyde O. Williams, of Raleigh, and Mr. Ivy Sutton, of Trinity College, at Durham.

FUNERAL OF CAPT. PADDISON

Remains of Well Known Pender Citizen Laid to Rest in Family Burying Ground Yesterday.

In the presence of a large number of his friends from all over Pender and adjoining counties, the funeral of the late Capt. R. P. Paddison was conducted at 3 o'clock yesterday afternoon from the family home at Point Caswell, N. C. The services were by Rev. E. B. Carr, of Atkinson, pastor of the Point Caswell Presbyterian church, of which Capt. Paddison had been a ruling elder for many years. Rev. Mr. Carr paid high tribute to the life and character of Capt. Paddison, the funeral hymns having been sung sweetly by a selected choir from the large gathering.

The funeral was with the honors of the Masonic fraternity, Capt. Paddison having been a valued member of the craft for a number of years and this being one of the requests that he made shortly before he died. The Masonic ceremonies weer in charge of a delegation of Wilmington Masons, who went up yesterday morning, returning last evening. These were Capt. W. P. Oldham, Messrs. George Nurnberger, Eustace Norfleet, Carl F. Strunck and W. J. Davis. Others who attended from Wilmington included Mr. H. M. Foard, of Wilmington, and Capt. D. J. Black, one of his regular trips in the steamer of Ivanhoe, who was here yesterday on boat service on the river.

Capt. Paddison was laid to rest in his Confederate uniform of grey, this also having been a request of his before his death. The interment was in the family burying ground, where rest the remains of his parents, long since passed away. The floral tributes were many and very pretty, attesting the high esteem in which Capt. Paddison was held wherever he was known.

TWO INJURED IN ACCIDENT

Dropping of Arm Across Track at the Castle Haynes Crossing Caused Machines to Collide.

The sudden dropping of the long bars used to close the road to vehicles while trains are passing, at the railroad crossing on the Castle Haynes road, near Smith's creek, about a mile northeast of Wilmington, painfully injured Mrs. Alice M. Schulken, mother of Mrs. J. H. Dreher, and also hurt Miss Lena Schulken, an aunt of Mrs. Dreher, and caused Dr. Dreher to run his machine into the automobile of Mr. J. D. Brown, yesterday afternoon about 4 o'clock.

Dr. Dreher, with his wife and children, accompanied by Mrs. Schulken and Miss Schulken, was crossing the railroad on his way for a ride in the country. Several engines were shifting to the left of the crossing and a train was coming from the right. He had reached the track when the train blew, for the crossing, and he attempted to get across quickly when the bars were suddenly dropped to close the crossing, and one of them struck Mrs. Alice Schulken on the head and also slightly hurt Mrs. Dreher.

In an effort to keep the bars from striking the occupants of the car, Dr. Dreher lost control of the machine so that it ran to the left side of the road and smashed into the car of Mr. Brown, which was coming from the opposite direction. Fortunately, Mr. Brown had almost stopped his machine, but the impact was sufficient to almost completely demolish the front part of both automobiles and caused Miss Lena Schulken, who was sitting beside Dr. Dreher, in the front seat of his car, to be thrown out, inflicting a gash on the back of her head and causing her lip to be cut so that several stitches had to be taken.

It was not at first realized that Mrs. Alice Schulken was badly hurt, but it later developed that she had been shaken up consderably, and, being an aged woman, about 60 years of age, it was feared that there might be serious consequences. Both cars were so badly damaged that they could not be operated, and those in Dr. Dreher's car were brought back to the city by Mr. LeGwin.

Mrs. Alice Schulken was taken to the James Walker Memorial Hospital and placed under the care of a nurse. Dr. Akerman was called in to give the necessary surgical attention, and it was stated last night that she was resting comfortably.

After having her injuries treated by the hospital physicians, Miss Lena Schulken was taken to her home at No. 301 Harnett street.

The damaged machines were towed back to the city last night to the garage of Lassiter-McDuffie Company, to be repaired by Mr. E. H. Schulken, but the extent of the damage had not been determined.

A NOTABLE NAME

There are names that are literally engraved for all time on the records of the commercial world. Rothschild's name circulates wherever currency is known—Krupp is another name for cannon—Pullman signifies sleeping cars, while the name

STEINWAY

is a world-wide synonym for PIANOS. The STEINWAY is the only piano known in every hamlet, town and city of the globe.

This international renown of the STEINWAY could only have been achieved by its superiority over all others.

New Way to Curl Hair Without Heated Irons

Hair tortured with the curling iron is bound to become dry, harsh and brittle, as so many know from sad experience. It's far more sensible to use plain liquid silmerine, which can do no harm and which produces the loveliest wavy effect imaginable. It takes so little time to apply the silmerine and the hairdressing. A few ounces from the druggist will last a long time, so it is not at all expensive. Liquid silmerine is not greasy or sticky, and it doesn't stain or streak the hair of the scalp.

A convenient way to use it is to pour about two tablespoonfuls into a saucer and then with a clean tooth brush apply evenly to the hair from root to tip. If this is done before retiring the added glory to one's "crowning glory" will be quite in evidence in the morning.

TAXES INCREASED BY WAR IN NETHERLANDS

Dutch People Will Have to Pay $5.00 More Per Year.

Hitherto the Annual Taxation Has Been About $80,000,000 While the Proposed Increase Will Bring It Up to $105,000,000.

(Correspondence of Associated Press.)

The Hague, Netherlands, Nov. 10.—The Dutch people are to be called upon to pay nearly $5 per head more taxes every year into the national exchequer as a direct result of the war. Hitherto the annual taxation of the country has usually amounted to something over $80,000,000 in round figures, or about $16.20 per capita; but the new bill just laid before parliament brings the annual total up to approximately $105,000,000, or $21 per capita.

Besides increasing the ratio of already existing taxes, the government has declined to impose ones which directly affect capitalists, holders of stocks and bonds, pensioners, persons not belonging to the army or navy, institutions enjoying incomes from bequests, drawers of registered documents, railroad and street car travelers, smokers, card players, and possessors of more than one front name.

Marie Willem Frederik Treub, Minister of Finance, who himself will come into the latter category, has the task before him of convincing the Dutch public of the necessity of these inroads upon its income. It is generally assumed, however, in parliament circles, that Dutchmen as a rule will coincide with him in the view that it is better to pay the higher taxes rendered necessary by the national defense than to leave The Netherlands open to violation by one or other of the fighting nations which might see fit to enter its territory in order to further its military ends.

The sum of the increased annual appropriations for the Dutch army and navy (now together about $22,500,000) does not appear very big when compared with the present military budgets of other nations. The Netherlands, however, make only a very small spot on the map and the addition for this purpose of $3,200,000 to the already existing expenses of its five million inhabitants is regarded as a considerable further burden.

One of the principal points of objection by the Dutch public against the newly-proposed taxes is that concerning the impost on railroad tickets. In this proposition the Dutch government has, knowingly or not, followed the example of Germany, where railroad travelers are taxed proportionately to the class in which they travel. The proposed tax here amounts to 15 per cent on the price of first-class tickets, 8 on second and 3 on third. Laborers' commutation tickets and school children's tickets are to escape taxation.

Another point has aroused discussion everywhere—namely, the tax on front names—for the Dutch are prone to burden their children with from four to six names. A glance at any Dutch directory brings to light many instances of family names being preceded sometimes by nearly half the alphabet. However, the tax is evidently not to be very heavy, as the total amount it is expected to bring in is only about $200,000.

Distilled liquors, tobacco of all kinds, beer, salt, sugar and playing cards are all to provide their share toward the increased government outlay, which, in consequence of the recent issue of loans, promises even to augment with the coming years, as the interest amounts to a large sum.

WILSON LEADS THE STATE.

Wilson, N. C., Nov. 25.—The week has been featured with heavy receipts of leaf tobacco. Every with triple sales, the warehouses were handicapped Tuesday with crowded floors. One of the warehousemen states that the receipts that day were heavier than any single day this season. Official reports are not available for the reason as there are yet two sales days for the month, but a conservative buyer said that the total sales for the month to date would pass 6,500,000 pounds.

Because of an error in the government's report, an item is going the rounds of the press to the effect that Winston-Salem led all markets in October, with Kinston second. This error is probably due to the fact that the report was compiled before all warehouse reports were received. The actual figures were: Winston-Salem, 7,001,550 pounds; Kinston, 5,880,692 pounds, and Wilson, 10,525,129 pounds. These figures are for the total sales, but even if the figures of first hand sales for farmers direct are considered, Wilson still led the state with a considerable margin.

TO DARKEN HAIR APPLY SAGE TEA

A Few Applications of Sage Tea and Sulphur Brings Back Its Vigor, Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

V. M. I. SURPRISED BY THE STRENGTH OF V. P. I. ELEVEN

Are Kept on the Defensive and Lose Contest by Score of 27 to 9.

Roanoke, Va., Nov. 25.—The Virginia Military Institute eleven met a stronger foe than it anticipated here today in its annual Thanksgiving game and lose to Virginia Polytechnic Institute by a score of 27 to 9. Two of V. P. I.'s touchdowns are attributed partly to fumbles of the Lexington cadets. This fault, with the apparent inability of V. M. I. to withstand the heavy line plunges of the Techs, placed the Red, White and Yellow on the defensive throughout the game.

Powell, with two drop kick goals and as successful manipulator of forward passes, starred for Orange and Maroon. The Techs scored in each quarter except one, making three touchdowns with accompanying goals.

V. M. I.'s scoring comprised a field goal by Harris from the thirty-five yard line in the third quarter and a touchdown in the last quarter by J. Pitts, who recovered the bal lon a bad bound from V. P. I.'s punt, crossing the line from the 25-yard line. Harris was the outstanding force of the Lexington team.

The contest was played under the most favorable weather conditions known o nthe local gridiron. Cadet corps of both schools with their respective bands accombanied the teams bedecked in innumerable ribbons, banners and streamers and supplied with megaphones, whistles and assorted musical instruments the rooters made the scene one of the liveliest here in recent years.

VISITS MAUSOLEUM OF THE LATE EMPEROR MUTSUHITO.

Japan's New Emperor Greeted by Immense Crowds on the Way.

Kioto, Nov. 25.—Emperor Yoshihito, who paid a visit to the mausoleum of Emperor Jimmu at Mount Unebi, Nara, yesterday, proceeded today to Fushimi to pay homage before the mausoleum of the late Emperor Mutsuhito at Momoyama. The Emperor and court journeyed to Fushimi by a special train from Kioto station where huge welcoming crowds collected.

Only two years have elapsed since the remains of the late sovereign were interred at Momoyama and but one year later Empress Haruka, his consort, followed her husband and was buried beside him. The mausoleum of Emperor Mutsuhito is known as the Momoyama mausoleum and that of the late Empress as the Eastern mausoleum of Momoyama. The place is situated on wooden highland surrounded by lovely country and the mausolea are on the top of hillocks covered with verdant evergreen and other ancient trees.

The site was selected according to the wish of the late Emperor himself who sometimes visited the country on his tours to Kioto and who greatly admired the beauty of the district.

Upon arrival at Momoyama station, the Emperor drove to the mausolea ground. Alighting at the foot of the hill he proceeded to the sacred precinct of the mausoleum. The Crown Prince and all princes and princesses of the imperial family followed His Majesty and the whole court escorted the imperial procession.

The ceremony was begun with the presentation of offerings before the mausoleum by the ritualists and with music by the court orchestra. The chief ritualist knelt before the altar and read a Shinto prayer. Then the Emperor approached, made a low bow and spent some moments in silent meditation. Next the Crown Prince and princes and princesses of the imperial family worshipped. Subsequently the members of the retinue and other participants were allowed to pay their homage.

The ceremonials being concluded, the Emperor left the mausoleum and visiting the Eastern mausoleum prayed for the repose and happiness of the spirit of Empress Haruko.

The Emperor left Momoyama by special train and returned to Kioto in the afternoon.

RALEIGH HIGH SCHOOL WINS OVER JOHN MARSHALL 8 TO 7

Raleigh, N. C., Nov. 25.—A safety in the first period gave Raleigh High school a two-point lead over John Marshall, Richmond, football team this afternoon that resulted in victory 8 to 7. It was a fine game witnessed by a big crowd. The safety was made when two Raleigh linemen tackled a John Marshall runner behind their own goal post.

COMING TO EAST CAROLINA

Numerous Individuals From West Spending Large Sums in Land Developments.

(Special Star Correspondence.)

Kinston, N. C., Nov. 25.—Numerous individuals from the North and Middle West and other sections of the country are spending from $25,000 to $100,000 each in developing land in tidewater North Carolina, according to Surry Park, the well known Pinetown railroad constructor and capitalist, who has been spending a day or two here. Mr. Parker says that in the so-called swamp lands of Beaufort and other counties of that section great changes are being made by the "colonists," attracted to the section by its "immense possibilities."

Veritable mansions are springing up miles away from the towns on land reclaimed from swamps. Because of the comparative isolation of some of the redeemed plantations little has been heard of them. There are several houses recently built within a few miles of Belhaven that would do credit to a city avenue. It takes only a few months after operations have been commenced to put the reclaimed land in cultivation, and it will produce as abundantly as any in the world such stuff as can be grown in the climate. Thousands more are to come to Eastern Carolina in the next few years, and the section, now progressing at a remarkable rate, will become the finest part of the United States. Mr. Parker, who built the Plymouth-Washington strip of the Norfolk Southern Railroad and the line of the same company from Bishop's Crossing to Belhaven, is one of the most confirmed believers in the region's future.

BUILDING NEW STEEL BRIDGE.

Neuse River at Kinston to be Spanned by New Structure.

(Special Star Correspondence.)

Kinston, N. C., Nov. 25.—The Lenoir county authorities are to rush work on a new steel bridge to be erected across Neuse river here, and will sigh in relief when it is completed. The bridge will replace an antiquated wooden structure long condemned. It was intended to abandon the route it terminated at the entrance to Kinston, in favor of a modern bridge some distance away. In spite of its official condemnation, hundreds of vehicles are risked on the dilapidated bridge every day, and construction of the new one became necessary.

TWELVE KNOWN DEAD IN TORNADO

Thirty Persons Injured At Hot Springs, Ark.

BUILDINGS DEMOLISHED

An Unconfirmed Report Places Number of Dead at 18 and the Injured at 150—Fires Reported Breaking Out.

Little Rock, Ark., Nov. 25.—Twelve persons are known to have been killed and 30 injured in a tornado which swept through the residence section of Hot Springs, Ark., late today, according to passengers arriving here early tonight. Several buildings were reported demolished and others unroofed.

Wire communication with Hot Springs, cut off by the storm, still was interrupted late tonight, and efforts to secure more definite information as to the loss of life and property destruction were futile. One report placed the number of dead at 18 and the injured at 150, while the conductor of a train which reached Malvern shortly before 8 o'clock stated that fires could be seen springing up on the outskirts of the city when his train left.

According to persons who arrived here, the business section of Hot Springs was washed out and the Iron Mountain train which reached here was delayed by trees which had fallen across the track.

HANSON TOOK BOTH FALLS

Local Wrestling Favorite Sprung Some New Holds on Yankee Rogers in Place of Hammerlock.

Fritz Hanson, of Wilmington, won agai nfrom Charles Yankee Rogers, of Fall River, Mass., in their second wrestling match at Woolvin Hall last ning, the local man taking two straight falls. The first he secured in 35 1-2 minutes with a combination leg lock and the second went for eight and three-quarter minutes, Hanson using a crotch hold.

In addition to the toe hold and strangle hold, customarily barred in matches here, the hammerlock was also barred in the match last night. It was with this hold that Hanson won his match with Rogers last week, and with it barred the fans were somewhat doubtful of the local man's ability to handle his heavier opponent. Hanson, however, never appeared to better advantage than last night, while Rogers did not show any improvement over his form of last week, and if anything appeared the least bit slower. As usual Hanson was on the offensive practically all of the time, and he also used holds last night that the fans here have not seen him work with before.

The match last night was refereed by Ginner McGurley, of Fort Caswell, who made an excellent official and served to the entire satisfaction of the fans as well as the wrestlers.

It was announced by the referee during the intermission between falls that hereafter the wrestling here will be under new management, and several improvments are promised. For one thing, it is proposed to start the matches on schedule time hereafter, as the failure to do this heretofore has ben the cause of considrable dissatisfaction among the followers of the game. It was also stated that efforts will be made to arrange some interesting preliminaries, using local talent and some of the best wrestlers at Fort Caswell and other nearby points.

Negotiations are now under way for a match for next Friday night between Hanson and Young Monday, the undefeated Italian welterweight champion. Monday is one of the best known young wrestlers in the game, and his appearance here with Hanson would be a treat for the fans.

VIRGINIA IS ONCE MORE THE VICTOR

practice, last week, was sent in at full. He, too, was soon put out. The only substitutions made by Virginia were in the third period, when, with the ball only five yards from the goal, two new linesmen were rushed in to open up a hole.

The attendance was estimated at 12,000. Governor Henry Carter Stuart; President E. A. Alderman, of the University of Virginia; and President Graham, of North Carolina, were among the spectators.

George Tandy, who distinguished himself in today's game by brilliant playing, was tonight elected captain of next year's 'varsity team.

WILMINGTON WAS WINNER.

Florence Y. M. C. A. Team Unable to Score on Tigers Yesterday.

The strong Wilmington Tigers went to Florence yesterday, and easily defeated the Y. M. C. A. football team of that city, the score being 7 to 0. This is the second game that the Tigers have won from the Florence players.

STACY FOR JUDGESHIP 'CONCEDED' IN RALEIGH

(Continued From Page One.)

ments that his appointment is assured will be of much interest.

Fully two-thirds of the Wilmington bar have signed a petition requesting that Addison G. Ricaud, Esq., Deputy Recorder for New Hanover and former Mayor of Wilmington, be appointed and it is known that he has other strong endorsements for the position. While Mr. Ricaud has made no statement, it is believed that he would accept an appointment to the judgeship.

E. H. Cranmer, Esq., a well known attorney of Southport, has the solid endorsement of the bar of that place and his claims will be pressed by his friends. Governor Craig has given assurance that his claims will be fully considered.

There are many people in Wilmington of the opinion that Solicitor Homer Lyon, of Whiteville, may have an opportunity to get the appointment, if he desires it. It is not known whether or not he would care to be considered a candidate.

EXPRESSIONS OF THANKS

Wilmington Women Tell for What They Are Most Grateful in Letters.

In yesterday's Raleigh News and Observer, there is a large number of letters from leading women in North Carolina, telling for what they are most thankful. In this list are two from Wilmington as follows:

The happiest life is essentially the active—the one that renders thanks by giving to others. I am truly thankful that North Carolina women of today have the privilege of being actively engaged in the great movements for the betterment of mankind. I am grateful that our women are being freed from the limitations of mind and custom and that they are performing their part in making truth and right prevail and in making another's burden light. May the women of North Carolina be able to give news of their talents and may their work and its marvelous expansions accomplish more and more in Carolina's future development.

MRS. M. J. DAUER.
Wilmington, N. C.

While at this annual period we give thanks to the great Giver of all gifts for His many blessings to mankind and womankind, and especially for the broad field which He has opened to women in recent years, let us not forget to thank Him for those women who have climbed the heights opened up before them and have become beacons for those who may come after.

Let us pray God to bless these pathfinders, and to give all women strength to follow in their footsteps. Let us pray Him to continue the endless chain until womankind, through her constant touch with child life, may raise the nation and the world to heights as yet undreamed of.

MARGARET LOVELL GIBSON.

CHILDREN HAVE DINNER.

Many Young People Made Happy at Feast in Salvation Army Quarters.

More than 300 children were made happy yesterday with sumptuous dinner which was served at the Salvation Army quarters at Front and Orange streets. Adjutant and Mrs. Mataxas had charge of the happy occasion and through the generosity of the citizens of Wilmington were enabled to have such a "spread" on a much larger scale than has been possible before during the five years they have been in Wilmington. Sick people and needy families were not forgotten and more than 50 families were remembered with gifts of food.

The dinner was served at 2 o'clock after a song service in which all the children joined heartily. The Thanksgiving spirit was in much evidence. Mrs. Mataxas suggested that a message be sent the thousands of children who had gathered in Philadelphia for a dinner and the children voted unanimously that this be done and the following message of greetings was sent by wire: "At dinner—The Salvation Army guests of Wilmington, N. C., send Thanksgiving greetings to Army guests in Philadelphia."

Adjutant and Mrs. Mataxas wish to thank the people of the city for their generous contributions and donations which made the dinner possible.

RETURN FROM CONVENTION

Wilmington Sunday School Workers Pleased With Salisbury Meeting.

Wilmington was represented at the annual convention of the North Carolina Sunday School Convention in Salisbury this week by Messrs. G. A. P. Bowman, D. H. Howes, Jr., and H. W. Hewlett, who returned home yesterday. They were greatly pleased with the meeting, declaring that it was one of the most inspiring and helpful that they ever attended. They were especially impressed with the emphasis uplaced on the work of adults in the Sunday schools. Salisbury hospitality was in much evidence and the 200 or more visitors were entertained in royal style in the homes of the Christian people of that city.

Mr. Bowman is president of the Wilmington Sunday School Association and superintendent of the Sunday School of the First Presbyterian church, while Mr. Howes is vice president of the local association and superintendent of the First Baptist church Sunday school. Mr. Hewlett is secretary of the Sunday school of the Church of the Good Shepherd.

NIGHT SCHOOLS IN JANUARY

Executive Committee Will Decide Monday—Over 200 Enrolled.

Mr. F. A. Lord, representative of the Junior Order, whose work in promoting the moonlight schools in this county, and more especially in the city, deserves no small credit, announced yesterday that there would be a meeting of the executive committee, appointed in September to look after the night schools, next Monday to decide whether there should be a term of moonlight schools in January.

There are more than 200 students enrolled in these schools in New Hanover county, the majority being here in the city, and it is more likely that the schools will again be opened in January.

On account of Thanksgiving this week and several of the teachers being out of the city and unable to attend their classes, the present term of the schools will continue next week instead of closing this week, as had been announced.

There will be no basketball tonight at the Boys' Brigade on account of the Lyceum course which is to be a feature there tonight. The Friday Night League will play their games off next Monday night at 9:45 o'clock after the regular classes instead of tonight.

FAVORS INCREASE IN TAXES TO MEET DEFENSE EXPENSES

(Continued From Page One).

pean war and its inevitable effects upon the revenue. I believe that it would be far more preferable to continue to bay the expenditures for the Panama Canal out of current revenue, especially since the canal is almost completed, and it is unlikely that the demands upon the treasury from that source will largely decrease in the near future. Therefore, if bonds are not issued for Panama Canal payments, the total amount of new revenue required for the fiscal year 1917 (assuming, as before stated, that the present duty on sugar and the present emergency revenue taxes are continued) is $112,806,394.22 in which is included the sum of $93,300,000 for preparedness or new measures for the national defense. This amount can easily be reased by internal taxation without appreciable burdens upon the American people. The resources and wealth of the country are so great and are increasing so rapidly that the needs of the government for its normally growing expenditures and for the carrying out of the larger programme for national defense can readily be met.

Are Merely Suggestive.

"Certainly the nation is willing when it is so able to do so, to raise by taxation the amount needed for such a vital purpose as national preparedness and defense. It is, of course, the function of the Congress to determine what revenue shall be raised and how, and these views, must not be considered as a programme but merely as suggestions for discussion."

ROBBERY ON PRINCESS STREET

Two $25 Checks and $42 in Money Taken From Colored Man's Home.

T. P. Pittman, colored, is $42 short of what he was a few days ago on account of a robber entering his home, No. 1113 Princess street, Wednesday night and taking that amount from his clothes, together with two checks for $25 each, according to his report to the police yesterday. Pittman is a well known colored barber of the city.

Entrance was made into the house, it was stated, by climbing the lattice on the back porch, and then through the unlocked door. The owner of the house was asleep at the time.

NOTICE TO MARINERS.

Gas and Whistle Buoy Established at Cape Fear River Entrance.

The Notice to Mariners this week contains the following notice, with reference to change of buoy at Cape Fear river entrance:

"Cape Fear River Entrance—Whistle Bouy replaced by gas and whistle buoy —On November 2, 1915, Cape Fear River Entrance Gas and Whistle Buoy CF, painted in perpendicular stripes, was established, in 6½ fathoms of water, in place of Cape Fear River Entrance Whistle Buoy CF, which was discontinued. The gas and whistle buoy is cylindrical, with skeleton superstructure, and shows a flashing white light of 390 candle power every 3 seconds, thus, flash 0.3 second, eclipsed 2.7 seconds, 16 feet above the water."
